Chair Penner announced the retirement of Chief Bejarano, who will continue serving on the BSCC Board. Chair Penner also announced the retirement of BSCC Staff Deputy Director of County Facilities Construction division Magi Work. Chair Penner thanked Ms. Work for her commitment and dedication.

**2. Executive Director's Report.**

Executive Director (ED) Howard provided updates on the following:

A. Thanked BSCC Communications Director Tracie Cone and Adam Lwin for providing timely reports and preparation for this meeting; acknowledged Deputy Director Magi Work and announced her retirement; welcomed John Prince as Acting Division Director of County Facilities Construction Division.

B. Update on the Working Group on Sexual Assault

At the September Board meeting, General Counsel Aaron Maguire provided a briefing on PREA and the extent to which California regulations address sexual assault-related issues. The BSCC is drafting a document that outlines the provisions of PREA and whether and how those issues are addressed in California Regulations, so that we can recommend to the Board. Staff has completed the document, and we will discuss with an informal working group. That group will include subject matter experts on PREA and issues for LGBT individuals who are in custody, and sheriffs representatives from a variety of locations and county sizes across the state. A report back to the Board will take place at the February 2017 meeting.

C. SACJJDP membership update

The Governor's Office made eight new appointments to SACJJDP. A recommendation for a new Chair of SACJJDP will be brought to the Board in the February 2017 meeting. There will be an orientation meeting for new SACJJDP members in January. ED Howard thanked outgoing Chair Sandy McBrayer for her service.

D. Byrne JAG Delegation and unfreezing of funds

Two agenda items are related to Byrne JAG (Agenda Item E-1 and E-2). Item E-1 pertains to the freezing of JAG funds. The FFY 2015 funds were released the week of October 31, 2016 and the FFY 2016 funds will be released (today), following the 30-day notice to this Board. Item E-2 is a request for the Executive Director to have delegated authority to submit applications for ongoing federal grants. This will help us stay in compliance with federal requirements without convening a special Board meeting when a federal solicitation timeline does not line up with the regular Board meeting schedule.

E. Next Board Meeting.

We are confirmed for Thursday, February 16, 2017 in San Diego. We will have our strategic planning meeting on February 15, 2017 in San Diego.

**Public comments were heard:**

**Lynn Wu (Prison Law Office):** Cosponsor for SB 1157. Stated that she appreciated the invitation to the SB 1157 follow up meeting.

**3. Legislative Update Report** (presented by Executive Director Howard):

A hard copy of the report on legislation potentially affecting the BSCC was included in the meeting material and posted on the BSCC's website.

- The report includes the updates on Governor’s actions on bills of interest to the BSCC in 2016. One is the Governor’s veto of SB 1157 (Mitchell), which sought to prohibit video-only visitation in county jail facilities.
- The Governor’s veto message directed the BSCC to “work with stakeholders to explore ways to address these issues.” We have scheduled a number of meetings with sheriffs, counties, advocates, and other interested stakeholders. We will provide a summary of those meetings to the Administration, not later than January 2017. And we will brief this Board on any further action that may involve the Board at the February meeting.
- Also highlighted AB 1998, which, among other things, creates new reporting requirements for the YOBG and JJCPA programs. David Steinhart was helpful in negotiations on this bill. There is also an agenda item on proposed consent (Item F) that refers to the JJSC the development of reporting guidelines on the disaggregation of data on race and ethnicity.

**Legal update:**

Mr. Aaron Maguire provided information on the following:

*(A) Office of Justice Program Guidance Regarding the Applicability of 8 U.S.C. § 1373 to Edward Byrne Memorial Justice Assistance Grants (Byrne/JAG)*

At the last board meeting, it was noted that beginning October 1, we anticipated that sub-recipients of Byrne/JAG funding would be required to certify compliance with 8 U.S.C. 1373 regarding the sharing of immigration information with the federal government. Subsequent to that Board meeting, the Bureau of Justice Assistance released a new FAQ, indicating that those requirements would not be enforced in federal fiscal year 2016. At this point, it is not expected that the guidance would be enforced until October 1, 2017. However, with the new Administration it is possible that the guidance could change.

#### **IV. DISCUSSION AGENDA ITEMS:**

##### **G. Standards and Training For Corrections Compliance Report and Annual Update: Information Only**

Evonne Garner, Deputy Director of Standards and Training for Corrections (STC) Division, presented the annual report for FY 2015-16. This report included compliance findings and ongoing efforts to revise core (entry) training for Probation Officers (PO), Juvenile Corrections Officers (JCO), and Adult Corrections Officers (ACO). It also included an update on a recent workgroup of mental health experts focused on improving the behavioral health training included in core. This work is being conducted under an Executive Steering Committee chaired by Chief Ertola.

- 155 agencies were in compliance in FY 2015-16 and six were out of compliance. This is the highest rate of compliance in the last 15 years. Those agencies found out of compliance have developed corrective action plans to come into compliance in the current year.
- STC completed a job analysis in 2015 to determine what today's PO, JCO and ACO job looks like and how candidates for those jobs should be selected and trained. One of the major areas of change identified by the job analysis was in the area of mental health.
- STC is currently working with subject matter experts to review and revise the PO, JCO and ACO core training in accordance with the job analysis findings and to develop shared training requirements where appropriate to facilitate transfer flexibility between classifications.
- STC hopes to have fully revised core courses by summer of 2017.

Following the presentation, Chief Ertola asked if the mental health training would be provided to officers that are currently employed. Deputy Director Garner clarified that the training is designed for entry level officers and will be offered in core training but that the subject matter experts will likely be making recommendations for advanced and refresher training.

Chief Brown asked if agencies found to be out of compliance still received STC funding. Deputy Director Garner responded that agencies did continue to receive funding to help them come into compliance.

**Public comments were heard:**

**Israel Diaz (Motivating Individual Leadership for Public Advancement (MILPA) (Salinas):** In-person visitation clarification is needed. Our communities need to see what is being build and what the space is being used for. Sexual assault reduction effort must be described in the RFP. A rating criteria should be included.

**Cory Salzillo** (Legislative Director California State Sheriff's Association): Thanked the committee and board for putting the RFP together.

**Erica Webster (Center on Juvenile & Criminal Justice):** Submitted a letter for the Board's review. Counties had to propose in person visitation. This RFP does not show how the facility will look. Communities should see in-person visitation planning in new projects. Sexual assault reduction should be enhanced. Improve the RFP. The ESC should elicit technical assistance to rate properly.

*Mr. Steinhart:* Regarding visitation space. There is not a requirement to describe what they are going to do with the visitation space requirement and it is a deficiency. It needs to go

one more step and applicants should describe this.

*Counsel Maguire:* We took the in-person visitation definition from SB 1157. They have to comply with Title 15 and Title 24 in person visitation requirements. Which includes two visits a week.

*Mr. Steinhart:* agreeing to and describing what the room/ space is different. A description is required.

*Ms. Magi Work:* When a county submits their proposal, we have to look at their proposal and we go through a process and a program statement which should explain how they will do visitation with visitation space is required. FSO inspectors will go out bi-annually to ensure that visitation is provided.

*Mr. Dean moved approval. Mr. Ertola seconded. The motion carried. Prior to the discussion, Sheriff Growdon recused himself and left the room.*

**K. Proposition 47, Approval of and Release of the Request for Proposals: Requesting Approval.**

This agenda item requested the Board's approval and release of the proposed Request for Proposals for the Proposition 47 Grant as recommended by its Executive Steering Committee.

*Mr. Budnick:* We have probably the most diverse ESC. This has been a fascinating process. I can guarantee you once this money gets to the streets it will make the public better.

ED Howard read a message from *Ms. Perez:* "As you all know duty calls and today I have been called upon to serve my county as a member of the jury pool. I am truly bummed I will not be with my favorite people in California as we celebrate the unprecedented accomplishments of the Prop 47 team. It has been a grueling and enlightening process that has shaped my perspective in ways I could not have imagined or anticipated. Thank you to my co-chair and hero Scotty B and the passionate and consummate professionals of the BSCC. This is truly the best of us. Upward and onward. LP"

*Mr. Steinhart:* How many grants will be supported by the time the rating process is through? Do we have how many counties or cities will get this grant?

*Ricardo Goodridge:* Over 20

*Chair Penner:* This is a new way of rolling out funding. It gives grantees a longer time to roll out as the amount was larger. Thanked the co-chairs.

*ED Howard:* Thanked the staff involved in developing the RFP.

*Judge Garrett:* Congratulations to the ESC

**Public comments were heard:**

**Public comments were heard:**

**Erica Webster (Center on Juvenile & Criminal Justice):** Support of the co-chairs. Membership of the ESC should be diverse and include formerly incarcerated people, juvenile justice experts, and young people.

SB 1004 created the Young Adults: Deferred Entry of Judgment Pilot Program in five counties, which includes Alameda, Butte, Napa, Nevada, Santa Clara. The application will be released on January 1, 2017.

Mr. Ertola suggested that the application request a copy of the Multidisciplinary Team required by legislation.

Mr. Steinhart noted that the application as is should be used as a starting point, and requested that the Juvenile Justice Standing Committee be given a chance to provide input into the application as subject matter experts. Chair Penner agreed, provided that this doesn't elongate the process.

Ms. Ganter informed the Board that there would be updates provided as the pilot program progresses. The Board would delegate to staff the ability to approve the applications.
