Regulations Revision Process

The Executive Steering Committee (ESC) considers recommended regulation revisions, discusses issues relevant to the operation and design of juvenile facilities, and provides direction to BSCC staff during the revision process. The ESC will review feedback received from public input processes and staff analysis of that feedback, develop draft revisions, or direct staff to develop revisions based on their direction. The ESC may accept, deny, or modify revisions that are presented. The ESC Chair will ultimately present the proposed regulations revisions to the BSCC Board for approval. BSCC staff serve as a resource to the ESC and complete all the necessary actions and documents for the Office of Administrative Law (OAL) processes.

On February 10, 2022, the BSCC Board directed staff to launch the Juvenile Regulations Revision process, including working with the ESC Chairs to select ESC members that represent experience and subject-matter expertise in a variety of areas, including lived experience, impact on community, facility management, advocacy, adolescent health care, adolescent behavioral health care, trauma-informed care, nutrition, and education.

On April 8, 2022, BSCC staff began a public input period that included several opportunities for feedback, including:

- A 90-day public input survey (April 8, 2022, to July 7, 2022)
- Four (4) subject matter-specific public listening sessions:
 - May 10, 2022 – Title 15 Administrative, Food and Diet, Facility Operations and Training
 - May 24, 2022 – Title 15 Classification, Separation, and Youth Discipline, Confinement, Use of Force and Restraining Devices
 - June 7, 2022 – Title 15 Suicide Prevention, Medical, Mental, and Behavioral Health Care Services
 - June 21, 2022 – Title 15 Hygiene and Sanitation, Programs; Title 24 Programs, Design and Planning, Physical Spaces, Furnishings, and Equipment
- A Request for Offer (RFO) for public comment services in which three (3) local community nonprofit, nongovernmental organizations (*Anti-Recidivism Coalition (ARC)*, *Focus Forward*, and *Fresh Lifelines for Youth (FLY)*) were awarded up to \$10,000 to:
 - Hold a minimum of three (3) community meetings or listening sessions.
 - Conduct a survey of youth and families affected by juvenile detention.
 - Identify areas for revision and justify priority issues.
 - Provide input from youth and families who are, or have been, impacted by local juvenile detention facilities in California.

A voluminous amount of feedback was received through these opportunities. BSCC staff also gathered feedback from the current biennial inspection cycle and received input from other organizations, detention facility administrators, and managers.

All feedback received by the BSCC is contained in Attachments A through F and Attachments L through U, available [here](#). Feedback relevant to § 1370 is listed on page 11 of this briefing material booklet and available [here](#).

BSCC staff carefully considered each piece of feedback received and conducted a thorough analysis of all input to determine how the information could inform a proposed regulation revision. Included in the analysis was a consideration of related best practices, recent legislation, people's experiences, subject matter expertise, and operational and fiscal impact.

On August 31, 2023, the ESC agreed to convene Subject Matter Expertise (SME) workgroups to review specific regulations and recommend revisions for the ESC's consideration. The four (4) SME workgroups are:

1. Education (§ 1370)
2. Medical and Mental Health (Article 8)
3. Nutrition (Article 9)
4. Environmental Health (Article 10, 11 and 12)

After the four workgroups have met, BSCC staff will present the recommended regulation revisions to the ESC for approval.

Following the ESC process and approval of initial proposed revisions, the BSCC Board will review and approve proposed revisions that will proceed through the Administrative Procedure Act (APA) for adoption in the California Code of Regulations, as outlined in Government Code 11340, et seq. During the APA, OAL attorneys will ensure that proposed revisions meet required clarity, consistency, nonduplication, necessity, and format standards. This process includes an additional public comment period and opportunities for public input at BSCC Board meetings.

The BSCC Board will review and approve the final proposed revisions once again before the regulations are adopted by OAL.

All milestones, timelines, activities, and documents for this regulation revision process will be updated regularly on the BSCC website: <https://www.bscc.ca.gov/juvenile-titles-15-and-24-regulations-revision/>

An overview of the OAL's rulemaking process is found on the OAL website: https://oal.ca.gov/rulemaking_participation/

Statutes v. Regulations

Statutes

Statutes are laws adopted by a legislative body and established in a formal document, such as the California Penal Code. Requirements in statute are mandatory, enforceable, and may only be amended by the state legislature. The BSCC does not inspect local detention facilities for compliance with statute.

Regulations

Regulations are administratively established by state agencies through the APA to implement, interpret, or make specific the law enforced or administered by it, or to govern its procedure (Government Code Section 11342.600). Welfare and Institutions Codes 210 and 885, for example, require the Board of State and Community Corrections to establish minimum standards for juvenile facilities.

There are two basic types of regulations:

Prescriptive Standards	Performance Standards
<p>Specifies the sole means of compliance with a standard by specific actions, measurements, or other quantifiable means (Government Code, Section 11342.590).</p> <p>An example is Title 24, Section 1230.1.2, Locked Holding Room, which requires a locked holding room to provide a minimum of 45 square feet of floor space and have a clear ceiling height of 8 feet.</p>	<p>Describes an objective with the criteria stated for achieving the objective (Government Code, Section 11342.570).</p> <p>Performance Standards indicate what is required without directing how the standards should be implemented. These standards allow greater flexibility in addressing the objective.</p> <p>An example is Title 15, Section 1362, Reporting of Incidents, which requires that a written report of specific incidents be maintained but does not prescribe how reports are to be maintained, a schedule of maintenance, or what is to be included in such reports.</p>

How to Use the Briefing Material

▶ **Title 15 Regulations Revision Text - 1370** contains current regulations in Section 1370 of the Title 15 minimum standards for juvenile detention facilities and will be used as a guide throughout the meeting. The document has been provided in both .pdf and .docx format.

- The **revision recommendations** to the current regulation appear in ~~strike-out~~ if the text is proposed for deletion or underline if it is proposed for addition.
- Each section also contains three components to guide discussion:
 - **SYTF Subcommittee Recommendations** summarizes recommendations received during the Secure Youth Treatment Facility (SYTF) Subcommittee Meetings on March 10 and July 28, 2023.
 - **Public Comment** contains a reference to applicable **Attachments** containing the public comment.
 - **Impact and Justification** contains a series of questions to analyze proposed recommendations.

▶ **Title 15 Regulations Revision Text - 1370 Definitions** contains terms and definitions used in § 1370. The document has been provided in both .pdf and .docx format.

▶ The **Attachments** listed on the following page contain the feedback referenced in the Title 15 Regulations Revision Text - 1370 document.

We recommend that workgroup members review the briefing material in advance of the meeting, cross-referencing between the regulation text and the applicable attachments. We encourage workgroup members to take notes prior to the meeting. Workgroup members may contact BSCC staff for questions at any time.
