

November 4, 2024

Dear County Partners:

As part of the Board of State and Community Corrections' (BSCC) ongoing efforts to collect and publish information related to the implementation of Public Safety Realignment (Assembly Bill 109, Chapter 15, Statutes of 2011), the Fiscal Year (FY) 2024-25 Community Corrections Partnership (CCP) Survey is available for completion and submittal.

As you may know, the CCP Survey has been an annual mechanism to collect valuable information that will educate and inform California lawmakers, the public, and the media of the continued efforts, goals, and successes counties have made in the previous year in implementing Public Safety Realignment. BSCC will compile and analyze county responses to develop the Thirteenth Annual Report on the Implementation of CCP Plans. This Report will be broadly distributed and can be used as a resource for those seeking to understand how counties are investing their Public Safety Realignment funding annually. In prior years, the BSCC has provided funding pursuant to the Budget Act for completion of this survey. Please note that no funding was appropriated in this year's budget and will not be provided.

The BSCC website has a specific page dedicated to CCP Plans containing each county's submission dating back to FY 2011-12. Those submissions are available for your reference: http://www.bscc.ca.gov/s_communitycorrectionpartnershipplans/.

BSCC will again use an online reporting submission process for the FY 2024-25 CCP Survey Package. Instructions and information on how to complete the process are located on the [BSCC Realignment website](#). Online materials include:

1. The link to the BSCC-Submittable online portal,
2. The template for Part A- CCP Membership and Implementation of the County's CCP Plan narrative (template may be used to draft the online submission responses),
3. The template for Part B- Allocation of Public Safety Realignment Dollars (an Excel workbook to be completed and uploaded into the online portal), and
4. The CCP Survey Data Reporting Guide.

A completed CCP Survey package includes Part A and Part B of the Survey. Please also include the county's most recent CCP Plan.

Please submit these documents through the BSCC-Submittable online portal.

If you have questions about the content of this letter or need technical assistance, please contact Helene Zentner, Field Representative at: (916) 838-7777 or helene.zentner@bscc.ca.gov.

Thank you,
