

The following is an addendum to “Community Corrections in California: A Report on the 2012-2014 Biennial Inspection Cycle.”

When the Board of State and Community Corrections filed the original report on December 30, 2014, all inspections were completed; however, some facilities were within the window to complete corrective actions.

The addendum contains a complete list of all non-compliant adult local detention facilities.

| County | Facility Name | Facility Type | Standard | Article | Description |
|--------------|------------------------------|---------------|----------|--------------------------------------|--------------------------------|
| Alameda | Santa Rita Jail | II | 2.8 | Physical Plant 470A | Dormitories |
