Background

Proposition 47 was a voter-approved initiative on the November 2014 ballot. As stated in the ballot measure its purpose is:

The people enact the Safe Neighborhoods and Schools Act to ensure that prison spending is focused on violent and serious offenses, to maximize alternatives for nonserious, nonviolent crime, and to invest the savings generated from this act into prevention and support programs in K–12 schools, victim services, and mental health and drug treatment (*Attachment A*).

As further stated in the proposition, the BSCC's responsibilities are to:

Administer a grant program to public agencies aimed at supporting mental health treatment, substance abuse treatment, and diversion programs for people in the criminal justice system, with an emphasis on programs that reduce recidivism of people convicted of less serious crimes, such as those covered by this measure, and those who have substance abuse and mental health problems. (Gov. Code, § 7599.2, subd. (a)(3).)

Assembly Bill 1056 (Statutes of 2015, Chapter 438) added additional priorities to the grant program including housing-related assistance and community-based supportive services such as job skills training, case management and civil legal services (*Attachment B*).

Proposition 47 Executive Steering Committee

To ensure successful program design and implementation, the BSCC uses Executive Steering Committees (ESCs) to inform decision making related to the Board's programs. BSCC's ESCs typically are composed of subject matter experts and stakeholders representing both the public and private sectors. The BSCC makes every attempt to include diverse representation on its ESCs, in breadth of experience, geography and demographics. ESCs are convened and approved by the BSCC Board, as the need arises, to carry out specified tasks, including the development of RFPs for grant funds. ESCs submit grant award recommendations to the BSCC Board for final disposition. The Board then approves, rejects or revises those recommendations. Members of the ESCs are not paid for their time but are reimbursed for travel expenses incurred to attend meetings.

AB 1056 added requirements for the Proposition 47 ESC membership. It required the ESC to include a balanced and diverse membership from relevant state and local government entities, community-based treatment and service providers, and the formerly incarcerated community. The ESC was also required to have expertise in homelessness and housing, behavioral health and substance abuse treatment, and effective rehabilitative treatment for adults and juveniles.

The Proposition 47 ESC included a cross-section of subject matter experts on mental health and substance use disorder treatment, diversion programs, reentry, housing and other areas, including individuals who were directly impacted by the criminal justice system. Information about the ESC, including a list of members, can be found on the BSCC [website](#) and on *Appendix A*.

The guiding principles and content developed by the Proposition 47 ESC remain in place for this second round of Proposition 47 funding. BSCC will use a Scoring Panel to read, score and develop funding recommendations for the BSCC Board.

Conflicts of Interest

Existing law prohibits any non-governmental sub-grantee, partner, or like party who participates on the Scoring Panel from receiving funds from the Proposition 47 grants awarded under this RFP. Public agency applicants are encouraged to communicate this conflict of interest consideration to known and potential non-governmental organizations who may have expressed interest in serving on the Scoring Panel. Such participation will prohibit that non-governmental agency from receiving any Prop 47 funds awarded through this RFP. Scoring Panel membership will be posted to the BSCC [website](#) no later than April 2019.

Public agency applicants who are awarded grants under this RFP are responsible for reviewing the Scoring Panel membership roster and ensuring that no grant dollars are passed through to any non-governmental entity represented by the members of the Proposition 47 Scoring Panel.

Guiding Principles for the Proposition 47 Grant

In developing this RFP, the ESC agreed on the guiding principles listed below. These guiding principles reflect the priorities and values of the ESC. They will be woven throughout the RFP and incorporated into the rating criteria. Public agency applicants should develop proposals that reflect these principles.

Guiding Principles for the Proposition 47 Grant

- Value community partnerships and collaborations.
- Encourage culturally competent services and approaches that foster the principles of restorative justice.
- Define target populations, especially those populations that are traditionally underserved.
- Identify and address known barriers to serving target populations.
- Prioritize client-focused/client-centered and holistic programs and approaches, including healing strategies and trauma informed care.
- Include community-based organizations with diverse staffing, including those who are system-impacted individuals, or who have varying educational levels and life experiences.
- Demonstrate capacity building for service providers at every level.
- Be mindful of regional equity and geographic diversity, including smaller and rural counties.
- Collect program data and measure/evaluate outcomes, and publish and share information.
- Encourage community engagement, where members of the community participate in the identifying, informing, and shaping of policies, goals, services, and solutions.

Description of the Grant

Eligible Applicants

Applicants must be public agencies. (Pen. Code, §6046.3, subd. (a)(3).) A public agency is defined as:

Public agency means a county, city, whether a general law city or a chartered city, or city and county, the duly constituted governing body of an Indian reservation or Rancheria, a school district, municipal corporation, district, political subdivision, or any board, commission, or agency thereof, entities that are legislative bodies of a local agency pursuant to subdivision (c) or (d) of Section 54952 of the Government Code, a housing authority organized pursuant to Part 2 (commencing with Section 34200) of Division 24 of the Health and Safety Code, a state agency, public district, or other political subdivision of the state, or any instrumentality thereof, which is authorized to engage in or assist in the development or operation of housing for persons and families of low or moderate income. (Pen. Code, §6046.1, subd. (c).)

New and existing Proposition 47 Grantees may apply for this round of funding. Existing grantees may request funding to continue their current approach or for a new unrelated approach.

Definition of Lead Agency

For the purposes of this RFP, the public agency will be considered the “**Lead Agency.**” In order to be eligible, a Lead Agency must:

- Subcontract with one or more non-governmental, community organizations for a **minimum of 50 percent** of the total grant award in order to demonstrate a shared partnership rooted in community engagement and economic equity. Additional points will be awarded to applicants that pass-through 60 percent or 70 percent.

Lead agencies (e.g., individual agencies or departments within a city, county or other jurisdiction) may not submit more than one proposal.

Non-lead agencies (including community-based organizations, faith-based organizations, non-governmental or governmental entities, etc.) may serve as a partner on more than one proposal.

Two or more public agencies may partner to submit a joint proposal, but one must be designated as Lead Agency for contracting purposes. Joint proposals must comply with all other eligibility criteria. A public agency may not apply on both an individual and a joint proposal.

Criteria for Non-Governmental Organizations Receiving Grant Funds

Any non-governmental organization that receives Proposition 47 grant funds (as either a direct grantee, subgrantee, or subcontractor) must:

- Be duly organized, in existence, and in good standing at least six months before entering into a fiscal agreement with a BSCC grantee;
 - Non-governmental organizations (NGO) that have recently reorganized or have merged with other qualified non-governmental entities that were in existence prior to the six-month date are also eligible, provided all necessary agreements have been executed and filed with the California Secretary of State prior to the effective date of the BSCC grantee and NGO fiscal agreement.
- Be registered with the California Secretary of State's Office, if applicable;
- Have a valid business license, if required by the applicable local jurisdiction;
- Have a valid Employer Identification Number (EIN) or Taxpayer ID (if sole proprietorship);
- Have any other state or local licenses or certifications necessary to provide the services requested (e.g., facility licensing by the Department of Health Care Services), if applicable; and
- Have a physical address.

Non-Governmental Organizations (NGOs) include: community-based organizations (CBOs), faith-based organizations (FBOs), non-profit organizations/501(c)(3)s, evaluators (except government institutions such as universities), grant management companies and any other non-governmental agency or individual. Note: These criteria do not apply to government organizations (e.g. counties, cities, school districts, etc.).

In addition to the administrative criteria listed above, any non-governmental, community organization that receives Proposition 47 grant funds must have a proven track record working with the target population and the capacity to support data collection and evaluation efforts.

Eligible Activities

Proposition 47 grant funds must be used for mental health services, substance use disorder treatment, diversion programs, or some combination thereof. In addition to these required services and programs, applicants are encouraged to provide supplemental housing-related services and other community-based supportive services, such as job skills training, case management, and civil legal services (as detailed below).

Assembly Bill 1056 mandated in part that the Executive Steering Committee:

- (1) Prioritize proposals that advance principles of restorative justice while demonstrating a capacity to reduce recidivism.
- (2) Prioritize proposals that leverage other federal, state, and local funds or other social investments, such as the following sources of funding:

- (A) The Drug Medi-Cal Treatment Program (22 Cal. Code Regs. 51341.1, 51490.1, and 51516.1).
 - (B) The Mental Health Services Act, enacted by Proposition 63 at the November 2, 2004, general election, as amended.
 - (C) Funds provided for in connection with the implementation of Chapter 15 of the Statutes of 2011.
 - (D) The Community Corrections Performance Incentives Act (Stats. 2009, Ch. 608; Chapter 3 (commencing with Section 1228) of Title 8 of Part 2).
 - (E) The tax credits established pursuant to Sections 12209, 17053.57, and 23657 of the Revenue and Taxation Code.
 - (F) The federal Department of Housing and Urban Development funds, such as the Emergency Solutions Grant program (42 U.S.C. Sec. 11371 et seq.).
 - (G) The federal Department of Veterans Affairs Supportive Services for Veteran Families program (38 U.S.C. Sec. 2044).
 - (H) Social Innovation Funds established by the Corporation for National and Community Service pursuant to Section 12653k of Title 42 of the United States Code.
 - (I) The Edward Byrne Memorial Justice Assistance Grant Program (42 U.S.C. Sec. 3750 et seq.).
- (3) Prioritize proposals that provide for all of the following:
- (A) Mental health services, substance use disorder treatment services, misdemeanor diversion programs, or some combination thereof.
 - (B) Housing-related assistance that utilizes evidence-based models, including, but not limited to, those recommended by the federal Department of Housing and Urban Development. Housing-related assistance may include, but is not limited to, the following:
 - (i) Financial assistance, including security deposits, utility payments, moving-cost assistance, and up to 24 months of rental assistance.
 - (ii) Housing stabilization assistance, including case management, relocation assistance, outreach and engagement, landlord recruitment, housing navigation and placement, and credit repair.
 - (C) Other community-based supportive services, such as job skills training, case management, and civil legal services.
- (4) Prioritize proposals that leverage existing contracts, partnerships, memoranda of understanding, or other formal relationships to provide one or more of the services prioritized in paragraph (3).
- (5) Prioritize proposals put forth by a public agency in partnership with a philanthropic or nonprofit organization.
- (6) Prioritize proposals that promote interagency and regional collaborations.

Pen. Code, § 6046.3, subd. (b).

Examples of Substance Use Disorder Treatment and Diversion Programs can be found in *Attachment C*.

Existing Services or Programs

Public agency applicants will be allowed to EITHER implement new services or programs OR expand existing services or programs.

Ineligible Grant Expenditures

Grant funds may be used to supplement existing funds dedicated to the project but may not replace (supplant) funds that have been appropriated for the same purpose.

Proposition 47 grant funds may not be used for:

- the acquisition of real property, or
- programs or services provided in a custodial setting (with the exception of outreach and reentry planning)¹.

For information on eligible and ineligible costs, refer to the *BSCC Grant Administration Guide*, found on the BSCC [website](#).

¹ For the purposes of this RFP, a locked facility (e.g. jail, prison, etc.) is considered a custodial setting. The intent of this RFP is to prohibit the use of grant funds for programs or services provided in a custodial setting with the exception of outreach and reentry planning.

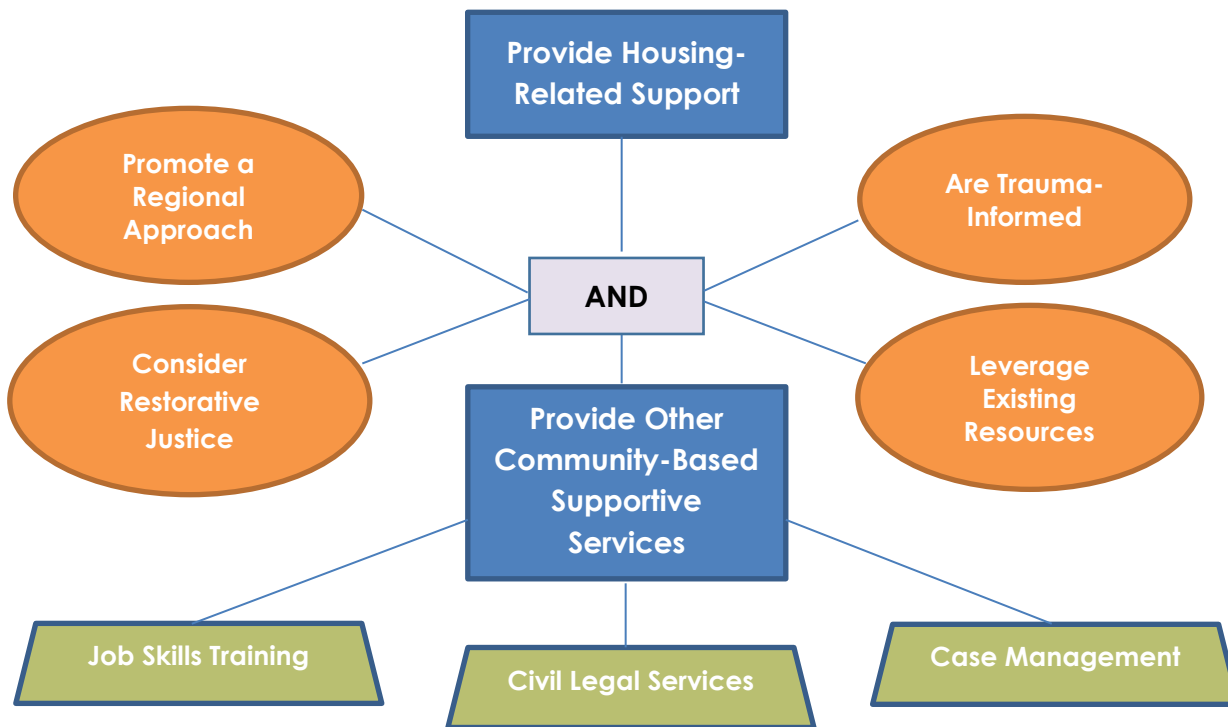

The following flowchart provides a visual representation of required and eligible services under the Proposition 47 Grant Program:

BSCC PROPOSITION 47 GRANT

REQUIRED for ALL APPLICANTS

With PRIORITY given to projects that also:

Eligible Population: Adults and/or Juveniles
Arrested, charged with, or convicted of a criminal offense AND a history of mental health issues or substance use disorders.

Service Delivery Approach

Public agency applicants will be required to describe the service delivery approach, i.e. who will deliver the services and how, and why it is most appropriate for the community and target population. Key questions to consider include:

- What are the needs of your community and how does your project provide services reflective of the racially and ethnically diverse communities served?
- How does your project ensure services will be provided in locations accessible to the community?
- How does your project ensure services will be tailored to meet an individual's holistic needs, e.g. wraparound services?
- How does your project provide services in a culturally competent manner?
- How does your approach ensure that services and programs adhere to the principles of trauma-informed care?
- How does your project provide services in a collaborative manner with the community, governmental and nongovernmental agencies?
- How does your project take steps to advance the principles of Restorative Justice and reduce recidivism in your community?
- How will this project change or improve the lives of participants?

Definitions for Trauma-Informed Care, Recidivism, and Restorative Justice can be found in *Attachment C*.

Target Population

As mandated by AB 1056, services and programs proposed in response to this RFP must be designed to serve people who:

- have been arrested, charged with, or convicted of a criminal offense AND have a history of mental health issues or substance use disorders.

For purposes of this RFP, a person has a history of mental health issues or substance use disorders if the person:

- has a mental health issue or substance use disorder that limits one or more of their life activities;
- has received services for a mental health issue or substance use disorder;
- has self-reported to a provider that they have a history of mental health issues, substance use disorders, or both; or
- has been regarded as having a mental health issue or substance use disorder.

Public agency applicants are required to describe how they will ensure that this target population is the one to be served by the proposed program. This could include a description of the program's referral, screening, assessment and documentation processes.

Grant Agreement and Timelines

Successful proposals will be under contract from August 15, 2019 to May 15, 2023. The timeline for the Proposition 47 grants is shown in the following table:

Implementation	Service Delivery	Service Delivery	Service Delivery	Data Evaluation
4 Months	Year 1	Year 2	Year 3	4 Months

No new service delivery expenses may be incurred.</p>

Funding

Proposition 47 created the Safe Neighborhoods and Schools Fund. State savings that result from the implementation of Proposition 47 are deposited annually into this fund. AB 1056 established the Second Chance Fund where these savings are deposited for a competitive grant program.

Grant awards from this RFP will be funded from Prop 47 savings deposits in Fiscal Years (FY) 2019-20 and 2020-21. The FY 2019-20 savings estimate is \$48,217,250 after accounting for BSCC administrative costs. The actual savings is not yet known. The FY 2020-21 savings estimate has not been determined yet. For planning purposes, this RFP assumes that the FY 2020-21 savings will be the same as the FY 2019-20 estimate. Adjustments to available funding will be coordinated with successful applicants as the actual FY 2019-2020 and FY 2020-21 amounts are known and deposited.

In summary, for purposes of this RFP, it is estimated that approximately \$96,434,500 will be available for grant awards. This funding is contingent on:

- 1) the amount of funds available in the Safe Neighborhoods and Schools Fund for FY 2019-2020 and FY 2020-21;
- 2) a grantee's adherence to the Proposition 47 RFP requirements and applicable statutes; and
- 3) a grantee's ability to demonstrate that annual implementation goals and objectives (as listed on the Proposition 47 Project Work Plan) have been met.

The BSCC may select additional proposals for awards from the ranked list if the deposits into the Second Chance Fund significantly increases the BSCC's grant fund allocation.

Funding Categories and Corresponding Funding Thresholds

Recognizing that different-sized jurisdictions have different capacities, resources, and needs, there are two categories within which public agency applicants will compete. Maximum funding thresholds have been set within each category. These categories were established so that projects of a smaller scope do not compete against projects of a larger scope.

To determine which category your application falls into, see the table below:

Project Category	For Public Agency Applicants requesting:	Prop. 47 Funds Allocated to this Category
1) Smaller Scope	Up to \$1 million for the entire grant period	\$18,616,627
2) Larger Scope	More than \$1 million and up to \$6 million for the entire grant period.	\$77,817,873
	Special set-aside: The County of Los Angeles may submit a single application for up to \$18,616,627 for the entire grant period.	
Total		\$96,434,500

Only one application may be submitted on behalf of the County of Los Angeles and its subsidiary departments and agencies. Other cities and eligible non-county, public entities within Los Angeles County may still submit individual applications in either the Small or Large category.

Public agency applicants will indicate which category they are applying under and build a budget accordingly. Public agency applicants are strongly encouraged to apply for only the amount of funding needed to meet their program goals within the entire grant period. The Scoring Panel will score proposals based in part on the reasonableness of the proposed budget.

Note: Applicants must earn at least 65 percent of the total weighted score in order to be considered for funding (see Rating Factors, page 23). If there are not sufficient qualified applicants in one category to exhaust all funds, those funds will be recommended for qualified applicants in the other category.

Financial Leveraging

This RFP does not have a match requirement. However, public agency applicants must demonstrate how they will leverage other federal, state, and local funds or other social investments, such as the following (per Assembly Bill 1056):

- A. The Drug Medi-Cal Treatment Program (22 Cal. Code Regs. 51341.1, 51490.1, and 51516.1).
- B. The Mental Health Services Act, enacted by Proposition 63 at the November 2, 2004, general election, as amended.
- C. Funds provided for in connection with the implementation of Chapter 15 of the Statutes of 2011.
- D. The Community Corrections Performance Incentives Act (Stats. 2009, Ch. 608; Chapter 3 (commencing with Section 1228) of Title 8 of Part 2).
- E. The tax credits established pursuant to Sections 12209, 17053.57, and 23657 of the Revenue and Taxation Code.
- F. The federal Department of Housing and Urban Development funds, such as the Emergency Solutions Grant program (42 U.S.C. Sec. 11371 et seq.).
- G. The federal Department of Veterans Affairs Supportive Services for Veteran Families program (38 U.S.C. Sec. 2044).
- H. Social Innovation Funds established by the Corporation for National and Community Service pursuant to Section 12653k of Title 42 of the United States Code.
- I. The Edward Byrne Memorial Justice Assistance Grant Program (42 U.S.C. Sec. 3750 et seq.).

Supplanting

BSCC grant funds shall be used to support new program activities or to augment existing funds that expand current program activities. BSCC grant funds shall not be used to replace existing funds.

Supplanting is strictly prohibited for all BSCC grants. When leveraging outside funds, public agency applicants must be careful not to supplant. Supplanting is the deliberate reduction

in the amount of federal, state, or local funds being appropriated to an existing program or activity because grant funds have been awarded for the same purposes.

It is the responsibility of the Grantee to ensure that supplanting does not occur. The Grantee must keep clear and detailed financial records to show that grant funds are used only for allowable costs and activities.

Proposition 47 Local Advisory Committee

In order to apply for Proposition 47 funding, the Lead Agency must develop a Proposition 47 Local Advisory Committee that includes local stakeholders who have experience and expertise in the prospective programs and/or services to be implemented by the proposal. This advisory committee will, at a minimum, advise on:

- How to identify and prioritize the most pressing needs to be addressed (to include target population, target area, etc.);
- How to identify the strategies, programs and/or services to be undertaken to address those needs;
- The development of the grant project;
- Ongoing implementation of the grant project.

The Proposition 47 Local Advisory Committee must include a broad range of stakeholders from within the communities, organizations, departments, etc. impacted by the proposal. Examples include: behavioral health professionals, educators, community-based and faith-based organizations, individuals impacted by the justice system, law enforcement, probation, prosecutors, defense attorneys, courts, social service providers, advocacy groups, housing providers, housing navigators and citizens.

Lead Agencies should consider state and local conflict of interest laws when selecting members of the Proposition 47 Local Advisory Committee. The Lead Agency is advised to check with its counsel about potential conflicts. The Lead Agency may use an existing body, but it must include individuals with the appropriate experience and expertise and address all the requirements listed in this section.

The Lead Agency must host regular community meetings to invite ongoing feedback and non-confidential updates from the Proposition 47 Local Advisory Committee and the community.

Throughout the duration of the grant, Lead Agencies must maintain documentation of:

- public outreach efforts soliciting committee membership and publicizing community meeting information;
- attendance at both committee and community meetings; and
- agendas and minutes of committee and community meetings.

As a part of the application, each Lead Agency will be required to complete a Membership Roster and include Letters of Agreement for the Proposition 47 Local Advisory Committee (see *Attachments D and E*).

Local Government Impacts

The Proposition 47 grant encourages community engagement, innovation and financial leveraging as avenues for communities to develop projects that best fit their needs. In supporting this approach, proposed projects may have unforeseen or unintended impacts on local government agencies that prevent projects from operating as intended (e.g. a significant increase in referrals to county behavioral health, lack of coordination between local agencies that provide similar services, duplication of services, etc.).

As a part of the application, each Lead Agency will be required to acknowledge any anticipated impacts (see *Attachment F*).

Promising, Data-Driven and Innovative Approaches

Public agency applicants seeking funding through this grant process are required to use data and research to drive decision-making in the development, implementation and evaluation of their overall projects.

The BSCC is committed to supporting a focus on better outcomes in the criminal justice system and for those involved in it. For the purpose of this RFP, public agency applicants should focus on the following three basic principles:

1. **Is there evidence or data to suggest that the intervention or strategy is likely to work, i.e., produce a desired benefit?** *For example, was the intervention or strategy you selected used by another jurisdiction with documented positive results? Is there published research on the intervention you are choosing to implement showing its effectiveness? Is the intervention or strategy being used by another jurisdiction with a similar problem and similar target population?*
2. **Once an intervention or strategy is selected, will you be able to demonstrate that it is being carried out as intended?** *For example, does this intervention or strategy provide for a way to monitor quality control or continuous quality improvement? If this intervention or strategy was implemented in another jurisdiction, are there procedures in place to ensure that that you are following the model closely (so that you are more likely to achieve the desired outcomes)?*
3. **Is there a plan to collect evidence or data that will allow for an evaluation of whether the intervention or strategy worked?** *For example, will the intervention or strategy you selected allow for the collection of data or other evidence so that outcomes can be measured at the conclusion of the project? Do you have processes in place to identify, collect and analyze that data/evidence?*

Public agency applicants are encouraged to develop an overall project that incorporates these principles, but is tailored to fit the needs of the communities they serve. Innovation and creativity are encouraged, but projects that have not been validated must demonstrate a promising approach using existing data and research such as best practices in the field.

Plans to measure the effectiveness of a project should include the use of both qualitative and quantitative research. While quantitative research is based on numbers and mathematical calculations, qualitative research is based on written or spoken narratives. The purpose of quantitative research is to explain, predict and/or control events through focused collection of numerical data, while the purpose of qualitative research is to explain and gain insight and understanding of events through intensive collection of narrative data.

Data Collection and Evaluation

Projects selected for funding will be required to submit a Local Evaluation Plan, a Two-Year Preliminary Evaluation Report, and a Final Local Evaluation Report. See *Attachment C* for key definitions related to project evaluation.

Public agency applicants are strongly encouraged to identify research partners early on and include them in the development of the proposal, so that the goals and objectives listed in the Proposition 47 Project Work Plan are measurable.

Required Set-Aside for Evaluation Efforts

Grantees are required to set aside at least 5 percent (or \$25,000, whichever is greater) but not more than 10 percent of the total grant award for data collection and evaluation efforts, to include the development of the Local Evaluation Plan, Two-Year Preliminary Evaluation Report, and Final Local Evaluation Report.

Public agency applicants are strongly encouraged to use outside evaluators to ensure objective and impartial evaluations. Specifically, public agency applicants are encouraged to partner with state universities or community colleges for evaluations.

Local Evaluation Plan

The purpose of the Local Evaluation Plan is to ensure that projects funded by the BSCC can be evaluated. Grantees will be expected to include a detailed description of how the public agency applicant will assess the effectiveness of the proposed program in relationship to each of its goals and objectives. A relationship between the goals and objectives identified in the Proposition 47 Project Work Plan should be apparent in the Local Evaluation Plan.

The Local Evaluation Plan should describe the evaluation design or model that will be used to evaluate the effectiveness of the project component(s), with the project goals and the project objectives clearly stated. Public agency applicants should also address process and outcome evaluations. Once submitted, any modifications to the Local Evaluation Plan must be approved in advance by the BSCC. The Local Evaluation Plan is due no later than December 31, 2019.

Two-Year Preliminary Evaluation Report

The purpose of the Two-Year Preliminary Local Evaluation Report is to assess whether grantees are making sufficient progress toward the goals and objectives described in the original proposal. Second, it will allow the grantee to ensure that the methodology described in the Local Evaluation Plan is still appropriate for measuring the intended impact. As noted in the "Funding" section, second and third year funding is contingent on the grantee's ability

to demonstrate that annual implementation goals and objectives have been met. The Two-Year Preliminary Evaluation Report is due no later than August 15, 2021.

Final Local Evaluation Report

Following project completion, grantees are required to complete a Local Evaluation Report. The Local Evaluation Report must be in a format prescribed by the BSCC. Within the Local Evaluation Report, an Executive Summary must be included that adheres to the format prescribed by the BSCC specifically for the Executive Summary.

The purpose of the Final Local Evaluation Report is to determine whether the overall project (including each individual component) was effective in meeting the goals laid out in the Local Evaluation Plan. To do this, the grantee must assess and document the effectiveness of the activities that were implemented within each individual project component. These activities should have been identified in the previously submitted Local Evaluation Plan. The Final Local Evaluation Report is due no later than May 15, 2023.

Evaluation Dissemination

The BSCC will make public the Local Evaluation Plan, Two-Year Preliminary Local Evaluation Report and Final Local Evaluation Report from each grantee. Reports may be posted to the BSCC website and/or developed into a Summary Final Report to be shared with the Administration, the Legislature, and the public.

Projects selected for funding are encouraged to make public (e.g. post online, disseminate, share at meetings) the Final Local Evaluation Report to the community and the grantee's Governing Board (e.g., Board of Supervisors, City Council, etc.).

If the grantee plans to publish the Final Local Evaluation Report, it must be submitted to the BSCC for review prior to publication.

General Grant Requirements

Grant Agreement

Public agency applicants approved for funding by the BSCC Board are required to enter into a Grant Agreement with the BSCC. Grantees must agree to comply with all terms and conditions of the Grant Agreement. See *Attachment G* for the State of California: Contract and General Terms and Conditions.

The Grant Agreement start date is expected to be August 15, 2019. Contracts are considered fully executed only after they are signed by both the Grantee and the BSCC. Work, services and encumbrances cannot begin prior to the Grant Agreement start date. Work, services and encumbrances that occur after the start date but prior to contract execution may not be reimbursed. Grantees are responsible for maintaining their Grant Agreement, all invoices, records and relevant documentation for at least three years after the final payment under the contract.

Governing Board Resolution

Successful public agency applicants will be required to submit a Resolution from their

Governing Boards before the grant award can be finalized and funds awarded. A signed resolution is not required at the time of proposal submission, but public agency applicants are advised that no financial invoices will be processed for reimbursement until the Governing Board Resolution has been received by the BSCC. A sample Governing Board Resolution can be found in *Attachment H*.

Audit

Although state-funded grants do not have an audit requirement, unless specifically stated in state law or regulations, the BSCC reserves the right to call for a program or financial audit at any time between the execution of the contract and three (3) years following the end of the grant period.

The California State Auditor, the California Department of Finance – Office of State Audits & Evaluations, the California State Controller’s Office, or their designated representative shall have the right to review and to copy any records and supporting documentation pertaining to the performance of this grant.

Travel

Travel is usually warranted when personal contact by project staff is the most appropriate method of conducting project-related business. Travel to and from training conferences may also be allowed. The most economical method of transportation, in terms of direct expenses to the project and the employee's time away from the project, must be used. Projects are required to include sufficient per diem and travel allocations for project-related personnel, as outlined in the Grant Award, to attend any mandated BSCC training conferences or workshops outlined in the terms of the program.

- **Units of Government**

Units of government may follow either their own written travel and per diem policy or the State’s policy. Units of government that plan to use cars from a state, county, city, district car pool, or garage may budget either the mileage rate established by the car pool or garage, or the state mileage rate, not to exceed the loaning agency rate.

- **Non-Governmental Organizations (NGOs)**

An NGO receiving BSCC funds must use the State travel and per diem policy, unless the Grantee’s written travel policy is more restrictive than the State's, in which case it must be used. Reimbursement is allowed for the cost of commercial carrier fares, parking, bridge, and road tolls, as well as necessary taxi, bus, and streetcar fares.

Out-of-State Travel

Out-of-state travel is restricted and only allowed in exceptional situations. Grantees must receive written BSCC approval prior to incurring expenses for out-of-state travel. Even if previously authorized in the Grant Award, Grantees must submit to the BSCC a separate formal request (on Grantee letterhead) for approval. Out-of-state travel requests must include a detailed justification and budget information. In addition, California prohibits travel, except under specified circumstances, to states that have been found by the California Attorney General to have discriminatory laws. The BSCC will not reimburse for travel to these states unless the travel meets a specific exception under Government Code section 11139.8, subdivision (c). For additional information, please see: <https://oag.ca.gov/ab1887>.

Debarment, Fraud, Theft or Embezzlement

It is the policy of the BSCC to protect grant funds from unreasonable risks of fraudulent, criminal, or other improper use. As such, the Board will not enter into contracts or provide reimbursement to applicants that have been:

1. Debarred by any federal, state, or local government entities during the period of debarment; or
2. Convicted of fraud, theft, or embezzlement of federal, state, or local government grant funds for a period of three years following conviction.

Furthermore, the BSCC requires grant recipients to provide an assurance that there has been no applicable debarment, disqualification, suspension, or removal from a federal, state, or local grant program on the part of the grantee at the time of application and that the grantee will immediately notify the BSCC should such debarment or conviction occur during the term of the Grant contract.

BSCC also requires that all grant recipients include, as a condition of award to a subgrantee or subcontractor, a requirement that the subgrantee or subcontractor will provide the same assurances to the grant recipient. If a grant recipient wishes to consider a subgrantee or subcontractor that has been debarred or convicted, the grant recipient must submit a written request for exception to the BSCC along with supporting documentation.

All applicants must complete *Attachment K* certifying they are in compliance with the BSCC's policies on debarment, fraud, theft, and embezzlement.

Invoices

Disbursement of grant funds occurs on a reimbursement basis for costs incurred during a reporting period. Grantees must submit invoices with supporting documentation to the BSCC according to the terms of their grant agreement (typically quarterly) within 45 days following the end of the reporting period via the online process. Grantees must maintain adequate supporting documentation for all costs claimed on invoices for reimbursement.

For additional information, refer to the *BSCC Grant Administration Guide*, found on the BSCC [website](#).

Quarterly Progress Reports

Grant award recipients are required to provide relevant program information and data by submitting quarterly progress reports to the BSCC. Applicable forms and instructions will be available to grantees on the BSCC's website. Progress reports are a critical element in BSCC's monitoring and oversight process. Grantees that are unable to demonstrate that they are making sufficient progress toward project goals and objectives and that funds are being spent down in accordance with the Grant Award Agreement and Proposition 47 Project Work Plan could be subject to the withholding of funds.

As a part of the progress reports, grantees will be required to complete the BSCC Data Template. The purpose of the BSCC Data Template is to gather individual level data on the impacts of Proposition 47. **The BSCC will not request or retain personal identifying information through this process.**

Examples of potential prompts include:

- Age
- Race/Ethnicity
- Gender
- Recidivism
- Program enrollment/completion/exit without completion
- Screening for mental illness and/or substance use disorder
- Treatment received
- Services received

The BSCC will provide a template and instructions to grantees. The BSCC Data Template will be submitted on a quarterly basis with the Progress Reports.

Grantee Orientation

Following the start of the grant period, BSCC staff will conduct a Grantee Orientation in Sacramento (September 2019, date to be determined). The purpose of this mandatory session is to review the program requirements, invoicing and budget modification processes, data collection and reporting requirements, as well as other grant management and monitoring activities. Typically, the Project Director, Financial Officer, Day-to-Day Contact, individual tasked with Data Collection and Evaluation and a minimum of one Community Partner must attend.

Grant recipients may use their Proposition 47 grant funds for travel-related expenditures such as airfare, mileage, meals, lodging and other per diem costs. Public agency applicants should include anticipated costs in the budget section of the proposal under the "Other" category. Award recipients will be provided additional details regarding the Grantee Orientation in September 2019.

Overview of the RFP Process

Technical Compliance Review

BSCC staff will conduct a technical review of each proposal to determine if it is in compliance with all technical requirements prior to being forwarded to the Scoring Panel.

It is the BSCC's intent to avoid having otherwise worthy proposals eliminated from consideration due to relatively minor and easily corrected errors or omissions. Applicants will, therefore, have an opportunity to respond to deficiencies identified during the technical review process, which will take place immediately following the proposal due date. If necessary, applicants will be allowed to make non-substantive changes that bring the proposal into technical compliance.

Disqualification

The following will result in an automatic disqualification:

- The original hard copy or electronic version of the proposal are not received by 5:00 p.m. on March 18, 2019.
- The Lead Agency Applicant is not a public agency as defined in Penal Code Section 6046.1 (d).
- The proposal does not address mental health services, substance use disorder treatment, diversion or some combination thereof, as required by Proposition 47.
- Services (with the exception of outreach and reentry planning) will be provided in a custodial setting.

Disqualification means that the proposal will not move forward to the Scoring Panel for the Proposal Rating Process.

Notification

Once BSCC staff complete the technical compliance review process, BSCC staff will contact applicants only under the following circumstances:

- a. The applicant has been disqualified due to one of the circumstances listed in the box above.
- b. The Proposal contains minor technical deficiencies.

Proposal Rating Process

Once a Proposal passes the Technical Compliance Review, it will advance to the Scoring Panel for the Proposal Rating Process. The Scoring Panel will read and assign points to each Proposal in accordance with the prescribed rating factors listed in the table below.

Scoring Panel members will base their points on how well a public agency applicant addresses the items listed under each rating factor within the Proposal Narrative and Budget Section. Following the Proposal Rating Process, the Scoring Panel will convene for a Final Rater Review meeting where they will develop funding recommendations for consideration by the BSCC Board.

At the conclusion of this process, public agency applicants will be notified of the Board's funding recommendations. It is anticipated that the Board will act on the recommendations at its meeting in June or July 2019. Public agency applicants and partners are not to contact members of the Scoring Panel or the BSCC Board to discuss proposals.

Rating Factors

The rating factors that will be used and the maximum points allocated to each factor are shown in the table below. Each rating factor will be scored on a scale of 1-5. Each rating factor then will be weighted in the overall score as shown in the column titled Percentage of Total Value to arrive at the Maximum Point Value.

	Rating Factors	Point Range	Percent of Total Value	Maximum Points	Weighted Score*
1	Project Need	1-5	15%	8	32
2	Community Engagement	1-5	20%	10	40
3	Project Description	1-5	25%	13	52
4	Project Evaluation Plan	1-5	10%	5	20
5	Guiding Principles	1-5	10%	5	20
6	Budget Section	1-5	20%	10	40
	Total		100%	51	204
*Once Maximum Points are calculated for each rating factor, the score will be multiplied by four. This will allow for a larger point spread between applicants.					
Additional Points: Applicants are required to dedicate a minimum of 50 percent of grant funds requested to subcontracts with non-governmental, community organizations. Additional points will be added to the final score if an applicant dedicates 60 percent or more, as follows:					
60-69 percent of grant funds = 2 additional points					
70+ percent of grant funds = 4 additional points					
Total Possible Score with Additional Points					208

Five Point Range Scale

Poor 1	Fair 2	Satisfactory 3	Good 4	Excellent 5
The response addresses the criteria in a very inadequate way.	The response addresses the criteria in a non-specific or unsatisfactory way.	The response addresses the criteria in an adequate way.	The response addresses the criteria in a substantial way.	The response addresses the criteria in an outstanding way.

Minimum Scoring Threshold

Proposals must meet both an individual and an overall minimum score threshold in order to be considered for funding.

Applicants must earn a minimum of **50 percent** of the Maximum Points in the *Community Engagement, Project Description and Budget Section* Rating Factors, as follows:

- Community Engagement: Minimum score of 5.0
- Project Description: Minimum score of 6.5
- Budget Section: Minimum score of 5.0

In addition to the individual minimum scoring thresholds for these three sections, applicants must earn an overall weighted score of **133** or higher in order to be considered for funding (65 percent of 204).

Funding Decisions

As explained on page 13, applicants will compete for funds within either the Small or Large Scope category. BSCC will move down the ranked lists to fund all qualified applicants (i.e. proposals that meet the scoring threshold requirements) in each category until all funds in that category are exhausted. Applicants that fall at the cut-off point may be offered a partial award if there are not sufficient remaining funds to make a full award.

If there are not sufficient qualified applicants to exhaust all funds in one category, those funds will be recommended for qualified applicants in the other category. Any funds remaining after all possible qualified applicants have been funded will be held for the next Proposition 47 Request for Proposal.

In the case of a tied score, the applicant with the highest score in the Project Description section will be awarded funds. If the tie remains, the applicant with the highest combined point total across the Community Engagement and Budget Section will be awarded.

Proposition 47 – In Pertinent Part

THE SAFE NEIGHBORHOODS AND SCHOOLS ACT

SEC. 4. Chapter 33 (commencing with Section 7599) is added to Division 7 of Title 1 of the Government Code, to read:

Chapter 33. Creation of Safe Neighborhoods and Schools Fund

7599. (a) A fund to be known as the "Safe Neighborhoods and Schools Fund" is hereby created within the State Treasury and, notwithstanding Section 13340 of the Government Code, is continuously appropriated without regard to fiscal year for carrying out the purposes of this chapter.

(b) For purposes of the calculations required by Section 8 of Article XVI of the California Constitution, funds transferred to the Safe Neighborhoods and Schools Fund shall be considered General Fund revenues which may be appropriated pursuant to Article XIII B.

7599.1. Funding Appropriation.

(a) On or before July 31, 2016, and on or before July 31 of each fiscal year thereafter, the Director of Finance shall calculate the savings that accrued to the state from the implementation of the act adding this chapter ("this act") during the fiscal year ending June 30, as compared to the fiscal year preceding the enactment of this act. In making the calculation required by this subdivision, the Director of Finance shall use actual data or best available estimates where actual data is not available. The calculation shall be final and shall not be adjusted for any subsequent changes in the underlying data. The Director of Finance shall certify the results of the calculation to the Controller no later than August 1 of each fiscal year.

(b) Before August 15, 2016, and before August 15 of each fiscal year thereafter, the Controller shall transfer from the General Fund to the Safe Neighborhoods and Schools Fund the total amount calculated pursuant to subdivision (a).

c) Moneys in the Safe Neighborhoods and Schools Fund shall be continuously appropriated for the purposes of this act. Funds transferred to the Safe Neighborhoods and Schools Fund shall be used exclusively for the purposes of this act and shall not be subject to appropriation or transfer by the Legislature for any other purpose. The funds in the Safe Neighborhoods and Schools Fund may be used without regard to fiscal year.

7599.2. Distribution of Moneys from the Safe Neighborhoods and Schools Fund.

(a) By August 15 of each fiscal year beginning in 2016, the Controller shall disburse moneys deposited in the Safe Neighborhoods and Schools Fund as follows:

(1) Twenty-five percent to the State Department of Education, to administer a grant program to public agencies aimed at improving outcomes for public school pupils in kindergarten and grades 1 to 12, inclusive, by reducing truancy and supporting students who are at risk of dropping out of school or are victims of crime.

(2) Ten percent to the California Victim Compensation and Government Claims Board, to make grants to trauma recovery centers to provide services to victims of crime pursuant to Section 13963.1 of the Government Code.

(3) Sixty -five percent to the Board of State and Community Corrections, to administer a grant program to public agencies aimed at supporting mental health treatment, substance abuse treatment, and diversion programs for people in the criminal justice system, with an emphasis on programs that reduce recidivism of people convicted of less serious crimes, such as those covered by this measure, and those who have substance abuse and mental health problems.

(b) For each program set forth in paragraphs (1) to (3), inclusive, of subdivision (a), the agency responsible for administering the programs shall not spend more than 5 percent of the total funds it receives from the Safe Neighborhoods and Schools Fund on an annual basis for administrative costs.

(c) Every two years, the Controller shall conduct an audit of the grant programs operated by the agencies specified in paragraphs (1) to (3), inclusive, of subdivision (a) to ensure the funds are disbursed and expended solely according to this chapter and shall report his or her findings to the Legislature and the public.

(d) Any costs incurred by the Controller and the Director of Finance in connection with the administration of the Safe Neighborhoods and Schools Fund, including the costs of the calculation required by Section 7599.1 and the audit required by subdivision (c), as determined by the Director of Finance, shall be deducted from the Safe Neighborhoods and Schools Fund before the funds are disbursed pursuant to subdivision (a).

(e) The funding established pursuant to this act shall be used to expand programs for public school pupils in kindergarten and grades 1 to 12, inclusive, victims of crime, and mental health and substance abuse treatment and diversion programs for people in the criminal justice system. These funds shall not be used to supplant existing state or local funds utilized for these purposes.

(f) Local agencies shall not be obligated to provide programs or levels of service described in this chapter above the level for which funding has been provided.

Attachment B: Assembly Bill 1056

Assembly Bill No. 1056

[Approved by Governor October 02, 2015. Filed with Secretary of State October 02, 2015.]

AB 1056, Atkins. Second Chance Program.

(1) Existing law, until January 1, 2020, establishes the Social Innovation Financing Program, and requires the Board of State and Community Corrections to administer the program. Existing law, among other things, authorizes the board, upon appropriation of funds by the Legislature for deposit into the Recidivism Reduction Fund, to award grants in amounts of not less than \$500,000 and not more than \$2,000,000 to each of 3 counties, selected as specified, for the purpose of entering into a pay for success or social innovation financing contract, pursuant to which private investors agree to provide financing to service providers to achieve social outcomes agreed upon in advance and the government agency that is a party to the contractual agreement agrees to pay a return on the investment to the investors if successful programmatic outcomes are achieved by the service provider. Existing law limits the total amount of the grants awarded to \$5,000,000. Existing law requires each county receiving an award to report annually to the Governor and Legislature on the status of its program. Existing law requires the board to compile the county reports and submit a summary report to the Governor and the Legislature annually.

This bill would extend the operation of that program and the reporting requirements until January 1, 2022.

This bill would also require the board to administer a competitive grant program that focuses on community-based solutions for reducing recidivism. The bill would establish minimum criteria for the grant program and would require the board to establish an executive steering committee, as specified, to make recommendations regarding the design, efficacy, and viability of proposals and to make recommendations on guidelines for the submission of proposals for the grant program, including threshold or scoring criteria, or both. Among other things, the bill would require those guidelines to prioritize proposals that advance principles of restorative justice while demonstrating a capacity to reduce recidivism, and that leverage certain other federal, state, and local funds or social investments. The bill would define recidivism, for the purposes of these provisions, as a conviction of a new felony or misdemeanor committed within 3 years of release from custody or committed within 3 years of placement on supervision for a previous criminal conviction.

(2) The Safe Neighborhoods and Schools Act establishes within the State Treasury the Safe Neighborhoods and Schools Fund to receive moneys transferred from the General Fund in an amount equal to the savings resulting from the implementation of the act, as specified. The act requires that 65% of the moneys in the Safe Neighborhoods and Schools Fund be allocated the Board of State and Community Corrections to administer a grant program to public agencies aimed at supporting specified types of programs, including diversion programs, for people in the criminal justice system with an emphasis on programs that reduce recidivism, as specified.

This bill would create the Second Chance Fund in the State Treasury for the purpose of funding the above-described recidivism reduction program. The bill would require the Controller, upon order of the Director of Finance, to transfer the moneys available to the Board of State and Community Corrections from the Safe Neighborhoods and Schools Fund into the Second Chance Fund. The bill would also authorize the Second Chance Fund to receive moneys from any other federal, state, or local grant, or from any private donation. The bill would prohibit the board from using the moneys in the fund to supplant existing programs and from spending more than 5% per year of the total moneys in the fund for administrative purposes.

The bill would require the board to administer these provisions, and moneys in the fund would be continuously appropriated to the board for expenditure for these purposes. By creating a continuously appropriated fund, this bill would make an appropriation.

(3) The Safe Neighborhoods and Schools Act provides that its provisions may be amended by a statute, passed by a $2/3$ vote of each house of the Legislature and signed by the Governor, that is consistent with and furthers the intent of the act.

This bill would declare that its provisions further the intent of the Safe Neighborhoods and Schools Act.

BILL TEXT

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1.

The Legislature finds and declares all of the following:

(a) California voters approved Proposition 47, known as the Safe Neighborhoods and Schools Act of 2014. The measure was enacted to ensure that prison spending is focused on violent and serious offenses, to maximize alternatives for nonviolent and nonserious crime, and to invest the resulting savings into prevention and support programs.

(b) Research has shown that people in the criminal justice system disproportionately suffer from mental health issues and substance use disorders. Nationally, over one-half of all people in prisons or jails have experienced a mental health issue within the last year, and over one-half of women and 44 percent of men in jail have a drug or alcohol dependency.

(c) People in the criminal justice system and formerly incarcerated individuals have difficulty securing housing and employment following their incarceration. These challenges are compounded for people living with mental health issues or substance use disorders. As a result, many formerly incarcerated people, especially those with mental health issues or substance abuse disorders experience homelessness. Experiencing homelessness greatly increases the likelihood that a formerly incarcerated person will recidivate.

(d) Offering people in the criminal justice system and formerly incarcerated individuals meaningful access to mental health services, substance use treatment services, housing, housing-related job assistance, job skills training, and other community-based supportive services has been shown to decrease the likelihood of future contact with law enforcement and the criminal justice system.

(e) Prioritizing the state savings realized by the implementation of the Safe Neighborhoods and Schools Act of 2014 for projects that combine mental health services, substance use treatment services, housing, housing-related job assistance, job skills training, and other community-based supportive services will help the state meaningfully reduce recidivism.

(f) By prioritizing projects that offer comprehensive interventions, the Legislature intends for public agencies, nonprofits, and other community-based providers of services to people in the criminal justice system and formerly incarcerated individuals to leverage additional federal, state, and local funds for social investment resources.

(g) The Legislature intends to promote the use of restorative justice principles in addressing recidivism.

SEC. 2.

Section 97013 of the Government Code is amended to read:

97013.

(a) Each county receiving an award shall report annually to the board on the status of its ongoing social innovation financing program. The report shall also contain an accounting of the moneys awarded.

(b) The board shall compile the county reports and submit a summary report to the Governor and Legislature annually.

(c) A report made pursuant to this section shall be made in accordance with the requirements of Section 9795.

(d) This section shall remain in effect only until January 1, 2022, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2022, deletes or extends that date.

SEC. 3.

Section 97015 of the Government Code is amended to read:

97015.

This title shall remain in effect only until January 1, 2022, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2022, deletes or extends that date.

SEC. 4.

Article 5 (commencing with Section 6046) is added to Chapter 5 of Title 7 of Part 3 of the Penal Code, to read:

Article 5. Second Chance Program

6046.

(a) The purpose of this article is to build safer communities by investing in community-based programs, services, and initiatives for formerly incarcerated individuals in need of mental health and substance use treatment services.

(b) The program established pursuant to this article shall be restricted to supporting mental health treatment, substance use treatment, and diversion programs for persons in

the criminal justice system, with an emphasis on programs that reduce recidivism of persons convicted of less serious crimes, such as those covered by the Safe Neighborhoods and Schools Act of 2014, and those who have substance use and mental health problems.

(c) The Board of State and Community Corrections shall administer a grant program established pursuant to this article.

6046.1.

For the purposes of this article, the following definitions shall apply:

(a) "Board" means the Board of State and Community Corrections.

(b) "Fund" means the Second Chance Fund established pursuant to Section

6046.2.

(c) "Public agency" means a county, city, whether a general law city or a chartered city, or city and county, the duly constituted governing body of an Indian reservation or rancheria, a school district, municipal corporation, district, political subdivision, or any board, commission, or agency thereof, entities that are legislative bodies of a local agency pursuant to subdivision (c) or (d) of Section 54952 of the Government Code, a housing authority organized pursuant to Part 2 (commencing with Section 34200) of Division 24 of the Health and Safety Code, a state agency, public district, or other political subdivision of the state, or any instrumentality thereof, which is authorized to engage in or assist in the development or operation of housing for persons and families of low or moderate income.

(d) "Recidivism" means a conviction of a new felony or misdemeanor committed within three years of release from custody or committed within three years of placement on supervision for a previous criminal conviction.

6046.2.

(a) The Second Chance Fund is hereby created in the State Treasury. The board shall be responsible for administering the fund. Moneys in the fund are hereby continuously appropriated without regard to fiscal year for the purposes of this article.

(b) (1) The Controller, upon order of the Director of Finance, shall transfer moneys available to the Board of State and Community Corrections pursuant to paragraph (3) of subdivision (a) of Section 7599.2 of the Government Code into the Second Chance Fund.

(2) The Second Chance Fund may receive moneys from any other federal, state, or local grant, or from any private donation or grant, for the purposes of this article.

(c) The board shall not spend more than 5 percent annually of the moneys in the fund for administrative costs.

6046.3.

(a) The board shall administer a competitive grant program to carry out the purposes of this article that focuses on community-based solutions for reducing recidivism. The grant program shall, at minimum, do all of the following:

(1) Restrict eligibility to proposals designed to serve people who have been arrested, charged with, or convicted of a criminal offense and have a history of mental health or substance use disorders.

(2) Restrict eligibility to proposals that offer mental health services, substance use disorder treatment services, misdemeanor diversion programs, or some combination thereof.

(3) Restrict eligibility to proposals that have a public agency as the lead applicant.

(b) The board shall form an executive steering committee that includes, but is not limited to, a balanced and diverse membership from relevant state and local government entities, community-based treatment and service providers, and the formerly incarcerated community. The committee shall have expertise in homelessness and housing, behavioral health and substance abuse treatment, and effective rehabilitative treatment for adults and juveniles. The committee shall make recommendations regarding the design, efficacy, and viability of proposals, and make recommendations on guidelines for the submission of proposals, including threshold or scoring criteria, or both, that do all of the following:

(1) Prioritize proposals that advance principles of restorative justice while demonstrating a capacity to reduce recidivism.

(2) Prioritize proposals that leverage other federal, state, and local funds or other social investments, such as the following sources of funding:

(A) The Drug Medi-Cal Treatment Program (22 Cal. Code Regs. 51341.1, 51490.1, and 51516.1).

(B) The Mental Health Services Act, enacted by Proposition 63 at the November 2, 2004, general election, as amended.

Attachment C: Glossary of Key Terms

Cultural Competence

Cultural competence² is a set of congruent behaviors, attitudes, and policies that come together in a system, agency or among professionals and enable that system, agency or those professions to work effectively in cross-cultural situations.

The word **culture** is used because it implies the integrated pattern of human behavior that includes thoughts, communications, actions, customs, beliefs, values and institutions of a racial, ethnic, religious or social group. The word **competence** is used because it implies having the capacity to function effectively. Five essential elements contribute to a system's institution's, or agency's ability to become more culturally competent which include:

1. Valuing diversity
2. Having the capacity for cultural self-assessment
3. Being conscious of the dynamics inherent when cultures interact
4. Having institutionalized culture knowledge
5. Having developed adaptations to service delivery reflecting an understanding of cultural diversity

These five elements should be manifested at every level of an organization including policy making, administrative, and practice. Further these elements should be reflected in the attitudes, structures, policies and services of the organization.

Diversion Programs

In the context of criminal law, diversion refers to diverting an individual out of the criminal justice system by having them complete a diversion program rather than be incarcerated or serve another alternative sentence. Criminal charges are typically dropped when an individual successfully completes a diversion program. The purpose of a diversion program is to effect rehabilitation while avoiding the stigma of a criminal conviction.

A diversion program allows the individual to avoid prosecution by completing various requirements for the program. These requirements could include:

1. Education aimed at preventing future offenses by the offender;
2. Restitution to victims of the offense;
3. Completion of community service hours;
4. Avoiding situations for a specified period of time in the future that may lead to committing another such offense.

Diversion programs are usually only available to individuals charged with misdemeanors and nonviolent felonies involving drugs or alcohol. In some jurisdictions, diversion may be available to individuals charged with domestic violence, child abuse or neglect, traffic-related

offenses, or even writing bad checks. Diversion programs are primarily governed by state laws, which vary by state.

Project Evaluation:

Process Evaluation³

The purpose of the process evaluation is to assess how program activities are being carried out in accordance with goals and objectives. Process measures are designed to answer the question: “What is the program actually doing and is this what we planned it to do?” Examples of process measures could include:

- Project staff have been recruited, hired and trained according to the proposal.
- Activities/strategies have been implemented on time according to the proposal.
- Number of interagency agreements entered into by the program compared to the number planned.
- Number of trainings conducted.
- Number of neighborhood meetings conducted.

Outcome Evaluation⁴

The purpose of the outcome evaluation is to identify whether the program “worked” in terms of achieving its goals and objectives. Outcome measures are designed to answer the question: “What results did the program produce?” Examples of outcome measures include:

- Results of pre/post surveys (e.g., changes in the reported confidence/trust in law enforcement among community members).
- Implementation of regular, ongoing community forums where law enforcement/community dialogue takes place.
- Changes in policies at the Lead Agency level to reflect procedural justice principles.

In an evidence-based practice approach, outcome evaluations must include not only the measures but also analysis of the extent to which the measured results can be attributed to the program rather than to coincidence or alternative explanations.

Goals and Objectives

Goals and objectives are terms in common use, sometimes used interchangeably because both refer to the intended results of program activities. Goals are longer-term than objectives, more broadly stated and govern the specific objectives to which program activities are directed.

In proposals, goals are defined by broad statements of what the program intends to accomplish, representing the long-term intended outcome of the program⁵.

Examples of goal statements⁶:

- To reduce the number of serious and chronic juvenile offenders.
- To divert nonviolent juvenile offenders from state juvenile correctional institutions.
- To restore the losses suffered by the victims of crimes.

Objectives are defined by statements of specific, measurable aims of program activities⁷. Objectives detail the tasks that must be completed to achieve goals⁸. Descriptions of objectives in the proposals should include three elements⁹:

- 1) Direction – the expected change or accomplishment (e.g., improve, maintain);
- 2) Timeframe – when the objective will be achieved; and
- 3) Target Population– who is affected by the objective.

Examples of program objectives¹⁰:

- By the end of the program, young, drug-addicted juveniles will recognize the long-term consequences of drug use.
 - To place eligible juveniles in an intensive supervision program within two weeks of adjudication to ensure offender accountability and community safety.
- To ensure that juvenile offenders carry out all of the terms of the mediation agreements they have worked out with their victims by program completion.

Housing Models (Examples)

1. Housing First

Housing First is an approach that centers on providing homeless people with housing quickly and then providing services as needed. What differentiates a Housing First approach from other strategies is that there is an immediate and primary focus on helping individuals and families quickly access and sustain permanent housing. This approach has the benefit of being consistent with what most people experiencing homelessness want and seek help to achieve. Housing First programs share critical elements:

- There is a focus on helping individuals and families access and sustain rental housing *as quickly as possible and the housing is not time-limited*;
- A variety of services are delivered primarily following a housing placement to promote housing stability and individual well-being;
- Such services are time-limited or long-term depending upon individual need; and

- Housing is not contingent on compliance with services – instead, participants must comply with a standard lease agreement and are provided with the services and supports that are necessary to help them do so successfully.

2. Permanent Supportive Housing

Supportive housing is an evidence-based housing intervention that combines non-time-limited affordable housing assistance with wrap-around supportive services for people experiencing homelessness, as well as other people with disabilities. Research has proven that supportive housing is a cost-effective solution to homelessness, particularly for people experiencing chronic homelessness. Study after study has shown that supportive housing not only resolves homelessness and increases housing stability, but also improves health and lowers public costs by reducing the use of publicly-funded crisis services, including shelters, hospitals, psychiatric centers, jails, and prisons.

3. Bridge Housing

The Bridge Housing model is transitional housing used as a short-term stay when an individual has been offered and accepted a permanent housing intervention, but access to that permanent housing is still being arranged.

Source: Department of Veterans Affairs

4. Rapid Rehousing

Rapid re-housing is an intervention designed to help individuals and families quickly exit homelessness and return to permanent housing. Rapid re-housing assistance is offered without preconditions — like employment, income, absence of criminal record, or sobriety — and the resources and services provided are tailored to the unique needs of the household.

Rapid re-housing has the following core components:

a. Housing Identification

- Recruit landlords to provide housing opportunities for individuals and families experiencing homelessness.
- Address potential barriers to landlord participation such as concern about short term nature of rental assistance and tenant qualifications.
- Assist households to find and secure appropriate rental housing.

b. Rent and Move-In Assistance

- Provide assistance to cover move-in costs, deposits, and the rental and/or utility assistance (typically six months or less) necessary to allow individuals and families to move immediately out of homelessness and to stabilize in permanent housing.

c. Rapid Re-Housing Case Management and Services

- Help individuals and families experiencing homelessness identify and select among various permanent housing options based on their unique needs, preferences, and financial resources.
- Help individuals and families experiencing homelessness address issues that may impede access to housing (such as credit history, arrears, and legal issues).
- Help individuals and families negotiate manageable and appropriate lease agreements with landlords.
- Make appropriate and time-limited services and supports available to families and individuals to allow them to stabilize quickly in permanent housing.
- Monitor participants' housing stability and be available to resolve crises, at a minimum during the time rapid re-housing assistance is provided.
- Provide or assist the household with connections to resources that help them improve their safety and well-being and achieve their long-term goals. This includes providing or ensuring that the household has access to resources related to benefits, employment, and community-based services (if needed and appropriate), so that they can sustain rent payments independently when rental assistance ends.
- Ensure that services provided are client-directed, respectful of individuals' right to self-determination, and voluntary. Unless basic program-related case management is required by statute or regulation, participation in services should not be required to receive rapid re-housing assistance.

5. Transitional Housing

Transitional Housing: a project that is designed to provide housing and appropriate supportive services to homeless persons to facilitate movement to independent living. The housing is short-term, typically less than 24 months. In addition to providing safe housing for those in need, other services are available to help participants become self-sufficient.

Source: U.S. Department of Housing and Urban Development

6. Sober Living Homes

A supportive alcohol and drug free living environment for individuals attempting to maintain abstinence from alcohol or drugs in their life. Such programs do not mandate treatment but strongly encourage participation in 12-step support groups. These group living environments offer transitional space for people living incarceration, formal addiction treatment centers or other residential placement. They typically employ house rules which may include curfews, house chores or duties and other rules related to conduct. The participant is generally responsible for their rent and encouraged to work and engage in all other normal life functions from within a peer-supported environment.

Principles of Effective Intervention

During the past two decades, there has been renewed interest in examining correctional research. These efforts have been led by researchers such as Gendreau, Andrews, Cullen,

Lipsey and others.¹¹ Much evidence has been generated, leading to the conclusion that many rehabilitation programs have, in fact, produced significant reductions in recidivism. The next critical issue became the identification of those characteristics most commonly associated with effective programs. Through the work of numerous scholars (Andrews et al., 1990¹²; Cullen and Gendreau, 2000¹³; Lipsey 1999¹⁴), several “principles of effective intervention” have been identified. These principles can be briefly categorized as the following:

- Assess Actuarial Risk/Needs
- Enhance Intrinsic Motivation
- Target Interventions
 - Risk Principle
 - Need Principle
 - Responsivity Principle
 - Dosage
 - Treatment Principle
- Skill Train with Directed Practice
- Increase Positive Reinforcement
- Engage Ongoing Support in Natural Communities
- Measure Relevant Processes/Practices
- Provide Measurement Feedback

Recidivism

Recidivism is defined as conviction of a new felony or misdemeanor committed within three years of release from custody or committed within three years of placement on supervision for a previous criminal conviction.¹⁵

Restorative Justice

Restorative justice is an evolving response to wrongdoing that respects the dignity and equality of each person, builds understanding, and promotes social harmony through the healing of survivors, those who have committed wrongdoing and communities.

Restorative justice provides an opportunity for survivors to obtain reparation, feel safer and seek healing; allows those who have committed wrongdoing to gain insight into the causes and effects of their behavior, to take responsibility in a meaningful way and seek healing; and enables communities to understand the underlying causes of wrongdoing, to promote community well-being and to prevent crime.

Substance Use Disorder Treatment (Examples)

According to the Substance Abuse and Mental Health Services Administration, a treatment system for substance use disorders could be comprised of multiple service components, including, but not limited to the following:

- Individual and group counseling
- Inpatient and residential treatment
- Intensive outpatient treatment
- Partial hospital programs
- Case or care management
- Medication
- Recovery support services
- 12-Step fellowship
- Peer supports

Other services that may qualify could include:

- Withdrawal management
- Culturally rooted community healing practices

Trauma-Informed Care¹⁶

According to the Substance Abuse and Mental Health Services Administration, “A program, organization, or system that is trauma-informed:

- Realizes the widespread impact of trauma and understands potential paths for recovery;
- Recognizes the signs and symptoms of trauma in clients, families, staff, and others involved with the system;
- Responds by fully integrating knowledge about trauma into policies, procedures, and practices; and
- Seeks to actively resist re-traumatization

SAMHSA’s concept of trauma-informed care is guided by six key principles:

- Safety
- Trustworthiness and transparency
- Peer support
- Collaboration and mutuality
- Empowerment, voice and choice
- Cultural, historical, and gender issues.

Attachment F: Local Government Impact Letters

The Proposition 47 grant encourages community engagement, innovation and financial leveraging as avenues for communities to develop projects that best fit their needs. In supporting this approach, proposed projects may have unforeseen or unintended impacts on local government agencies that prevent projects from operating as intended (e.g. a significant increase in referrals to county behavioral health, lack of coordination between local agencies that provide similar services, duplication of services, etc.).

To acknowledge any anticipated impacts, each Lead Agency is required to:

- Identify each public agency that reasonably could be expected to be impacted by this grant project;
- Submit a Letter of Agreement signed by both the Lead Agency and the impacted public agency that includes the following:
 - The name of the Proposition 47 project and a brief project description;
 - A description of how the Proposition 47 project might impact the public agency; and
 - An explanation of how the Lead Agency and the impacted public agency will work together to address stated impacts.

Note: If the Lead Agency concludes that the Proposition 47 project will not impact any other local government agency, the Lead Agency must include a letter to that effect.

Grantee may appeal the decision, in writing, within 15 days of its issuance (or the expiration of the 30 day period in the event no decision is rendered), to the BSCC Executive Director, who shall have 45 days to render a final decision. If the Grantee does not appeal the decision of the BSCC Corrections Planning and Grant Programs Division Deputy Director, the decision shall be conclusive and binding regarding the dispute and the Contractor shall be barred from commencing an action in court, or with the Victims Compensation Government Claims Board, for failure to exhaust Grantee's administrative remedies.

- B. Pending the final resolution of any dispute arising under, related to or involving this Grant Agreement, Grantee agrees to diligently proceed with the performance of this Grant Agreement, including the providing of services in accordance with the Grant Agreement. Grantee's failure to diligently proceed in accordance with the State's instructions regarding this Grant Agreement shall be considered a material breach of this Grant Agreement.
- C. Any final decision of the State shall be expressly identified as such, shall be in writing, and shall be signed by the Executive Director, if an appeal was made. If the Executive Director fails to render a final decision within 45 days after receipt of the Grantee's appeal for a final decision, it shall be deemed a final decision adverse to the Grantee's contentions. The State's final decision shall be conclusive and binding regarding the dispute unless the Grantee commences an action in a court of competent jurisdiction to contest such decision within 90 days following the date of the final decision or one (1) year following the accrual of the cause of action, whichever is later.
- D. The dates of decision and appeal in this section may be modified by mutual consent, as applicable, excepting the time to commence an action in a court of competent jurisdiction.

- B. Grantee will not, for any business conducted under the Grant Agreement, use any State property to hold meetings with employees or supervisors, if the purpose of such meetings is to assist, promote or deter union organizing, unless the State property is equally available to the general public for holding meetings.
- C. If Grantee incurs costs or makes expenditures to assist, promote or deter union organizing, Grantee will maintain records sufficient to show that no reimbursement from State funds has been sought for these costs, and that Grantee shall provide those records to the Attorney General upon request.

Any non-governmental organization that receives Proposition 47 grant funds (as either a direct grantee, subgrantee, or subcontractor) must:

- Be duly organized, in existence, and in good standing at least six months before entering into a fiscal agreement with a BSCC grantee;
 - Non-governmental organizations (NGO) that have recently reorganized or have merged with other qualified non-governmental entities that were in existence prior to the six-month date are also eligible, provided all necessary agreements have been executed and filed with the California Secretary of State prior to the effective date of the BSCC grantee and NGO fiscal agreement.
- Be registered with the California Secretary of State's Office, if applicable;
- Have a valid business license, if required by the applicable local jurisdiction;

Note: These criteria do not apply to government organizations (e.g. counties, cities, school districts, etc.).

In addition to the administrative criteria listed above, any non-governmental, community-based organization that receives Proposition 47 grant funds must have a proven track record working with the target population and the capacity to support data collection and evaluation efforts.

Grantees are required to update this list and submit it to BSCC any time a new third-party contract is executed after the initial assurance date. Grantees shall retain (on-site) applicable source documentation for each contracted party that verifies compliance with the requirements listed in the RFP. These records will be subject to the records and retention language found in the Standard Agreement.

The BSCC will not reimburse for costs incurred by any third party that does not meet the requirements listed above and for which the BSCC does not have a signed grantee assurance on file.
