

Juvenile Justice Crime Prevention Act - Youthful Offender Block Grant 2023 Expenditure and Data Report Due Date (on or before): October 1, 2023

On or before October 1, 2023, each county is required to submit to the Board of State & Community Corrections (BSCC) a report on its Juvenile Justice Crime Prevention Act (JJCPA) and Youthful Offender Block Grant (YOBG) programs during the preceding year. For JJCPA this requirement can be found at Government Code (GC) Section 30061(b)(4)(C) and for YOBG it can be found at Welfare & Institutions Code Section (WIC) 1961(c). These code sections both call for a consolidated report format that includes a description of the programs and other activities supported by JJCPA and/or YOBG funds, an accounting of all JJCPA and YOBG expenditures during the prior fiscal year, and countywide juvenile justice trend data.

Prior to submitting this report save the file using the following naming convention: "(County Name) 2023 JJCPA-YOBG Report." For example, Sacramento County would name its file "Sacramento 2023 JJCPA-YOBG Report".

Once the report is complete, attach the file to an email and send it to: **JJCPA-YOBG@bscc.ca.gov**. All reports will be posted to the BSCC website. We encourage you to review your report for accuracy before sending it to the BSCC. Please do **NOT** change the report form to a PDF document.

### **ANALYSIS OF COUNTYWIDE TREND DATA for:**

Merced

### Government Code Section 30061(b)(4)(C)(iv) & WIC Section 1961(c)(3)

Provide a summary description or analysis, based on available information, of how the programs, placements, services, strategies or system enhancements funded by JJCPA-YOBG have, or may have, contributed to, or influenced, the juvenile justice data trends identified in this report.

Juvenile Probation services continued to be impacted during 2022 due to the COVID-19 virus. Toward the latter half of the year, some of our in-person services and programs were resumed as the community began to shift from a "lock down" approach in curbing the pandemic. However, our ability to personally engage youth and their families was still limited and our Department along with program providers continued to grapple with how to continue serving youth, their families, and the community.

It is likely that a good deal of this decline is the result of the ongoing effects of the pandemic and there may be some rebound in these numbers for the following reporting period. However, some of these reductions can be also be associated with the Merced County Probation Department's efforts expand the use of diversion programs, conditional dismissals and other forms of informal probation as a means to address juvenile referrals rather that forwarding them to the District Attorney for the filing of charges. In addition, the decline in DJJ commitments is consistent with the statewide shift away from those commitments in response to DJJ's imminent closure of all facilities.

In review of the Arrest Report data and the data provided by our Department's case management system, it is clear that the majority of the referrals we recieved were for status offenses (runaway, truancy, etc.) With this in mind we have continued to place an emphasis on our preventative services through the JJCPA funded Community Based Deputy Probation Officers. These officers target at-risk, low-level youth cited out by a law enforcement agency or referred by school districts. They utilize constructive evidence-based interventions to hold the youth accountable for inappropriate and delinquent behavior, as well as address the criminogenic needs of the youth when possible. In addition, they serve as facilitators for several of our evidence based programs and participate in Countywide events to promote community engagement and disseminate information on the programs we provide. Due to the success of these officers, we have dedicated another officer to serve in this capacity.

Use the template(s) below to report the programs, placements, services, strategies, and/or system enhancements you funded in the preceding fiscal year. Use a separate template for each program, placement, service, strategy, or system enhancement that was supported with JJCPA and/or YOBG funds. Probation operates the Bear Creek Academy (BCA) Camp Program. The BCA program consists of 30 beds dedicated to the Long Term and Youth Treatment Programs. The BCA works with at-risk youth who have great potential to be productive citizens of the community. The academy is structured into five phases with an estimated length of one year (Long Term) to two years (Youth Treatment Program). For youth to complete the program, they have to complete a required amount of points (in custody portion) or time (aftercare portion) to pass each phase. Points received are based on an evaluation system, rating the youth's participation in the academy elements with an opportunity to earn up to 50 points a day. The mission of the Bear Creek Academy is to strive to make positive changes in how youth committed to the academy think and behave to prepare them to return to their families, their community and live a delinquent-free life.

Two (2) Deputy Probation Officers who are funded by YOBG. Both Deputy Probation Officers are housed in the Juvenile Justice Correctional Complex and their primary responsibility is to interface with youth who are participating in the in-custody portion of BCA. The BCA Officer's roles and responsibilities include, but are not limited to:

- •Routinely assists in conducting criminogenic risk/needs assessments of each youth to identify risk factors related to reoffending as well as strengths and protective factors that might mitigate those risk factors
- Works closely with the youth and other multi-disciplinary treatment team members to develop treatment goals, case plans, and transition plans
- · Transport youth to appointments and community-based vocational/educational programs and services
- Monitors and documents the youth's progress toward their rehabilitation goals, and communicates with the multidisciplinary team members regarding the youth's progress in meeting their treatment goals and potential barriers to the reintegration process
- · Prepare case reports for court
- Facilitates/co-facilitates weekly intervention groups
- Participates in the Review Board for youth assigned to the BCA Program. The Review Board consists of a Deputy Probation Officer, a Supervising Juvenile Institutions Officer, and a Program Manager. The group meets weekly to discuss and review all academy movements and disciplinary actions that resulted in a loss of points in the academy. The Review Board will convene a special hearing if the regular board meeting is not within 48 hours, excluding weekends and holidays.

The officers assigned to the Juvenile Field Supervision Services Unit utilize the Positive Achievement Change Tool (PACT) to determine what level of supervision a youth will receive. Supervision by risk level is a fundamental principle of evidence-based supervision that is supported by extensive research. Moreover, Probation utilizes a Response Matrix to bring more uniformity and objectivity to the Probation Officer's response to a client's behavior. Currently, the Juvenile Field Services Unit consists of seven (7) Deputy Probation Officers who work in partnership with various law enforcement and community service agencies in the supervision of high and moderate-risk youth.

The Early Intervention Officer (EIO) (newly named Community Based Deputy Probation Officer (CBDPO) position was created to provide community protection, youth accountability, and competency development through early intervention. The CBDPO provides prevention, early intervention, and diversion services to all areas of Merced County. The CBDPO targets at-risk youth cited by a law enforcement agency for less serious offenses or referred by school districts. The CBDPO seeks to apply constructive evidence-based interventions to hold the youth accountable for inappropriate negative and criminal behavior, as well as address the criminogenic needs of the youth when possible. Merced funds two (2) CBDPO positions through JJCPA.

The officers assigned to the Juvenile Field Services Unit are responsible for conducting after-school mentoring via the L.I.N.K. program. The officers work with the Probation Program Specialist and Supervising Probation Officer in seeking out and coordinating local Community-Based Organizations that can provide informative discussions and training. The L.I.N.K. program is incentive-based. Youth earn a daily incentive as well as a weekly incentive for participating. If youth were to do a near-perfect program, it would take approximately four (4) months to complete the program. Youth must complete MRT to complete L.I.N.K. Also, youth are offered the opportunity to participate in the following programs:

- o Thinking for Change
- o Students With Aspiring Goals (S.W.A.G.)
- o Ace Overcomers
- o Aspiranet

During FY 2021-2022, a new program was developed aimed at providing educational and vocational services to both in-custody and out-of-custody youth. Merced entered into a contract with the Merced County Office of Education (MCOE) to provide youth with an initial classroom training core consisting of earning a food handler's certificate and learning how to navigate and operate in a kitchen setting. Part of the program will consist of jobreadiness training in the Rise to Higher Grounds coffee cart program. A continued barrier for 2022, was being unable to obtain the coffee cart; however, youth were still able to participate in the classroom component of the program. A Deputy Probation Officer has been assigned to the Rise to Higher Grounds program and will be working with MCOE on a dedicated route. This is a first of its kind program for Merced County.

Of note, the Rise to Higher Grounds became fully operational in June 2023.
