

Monterey County AB109 Criminal Justice Realignment

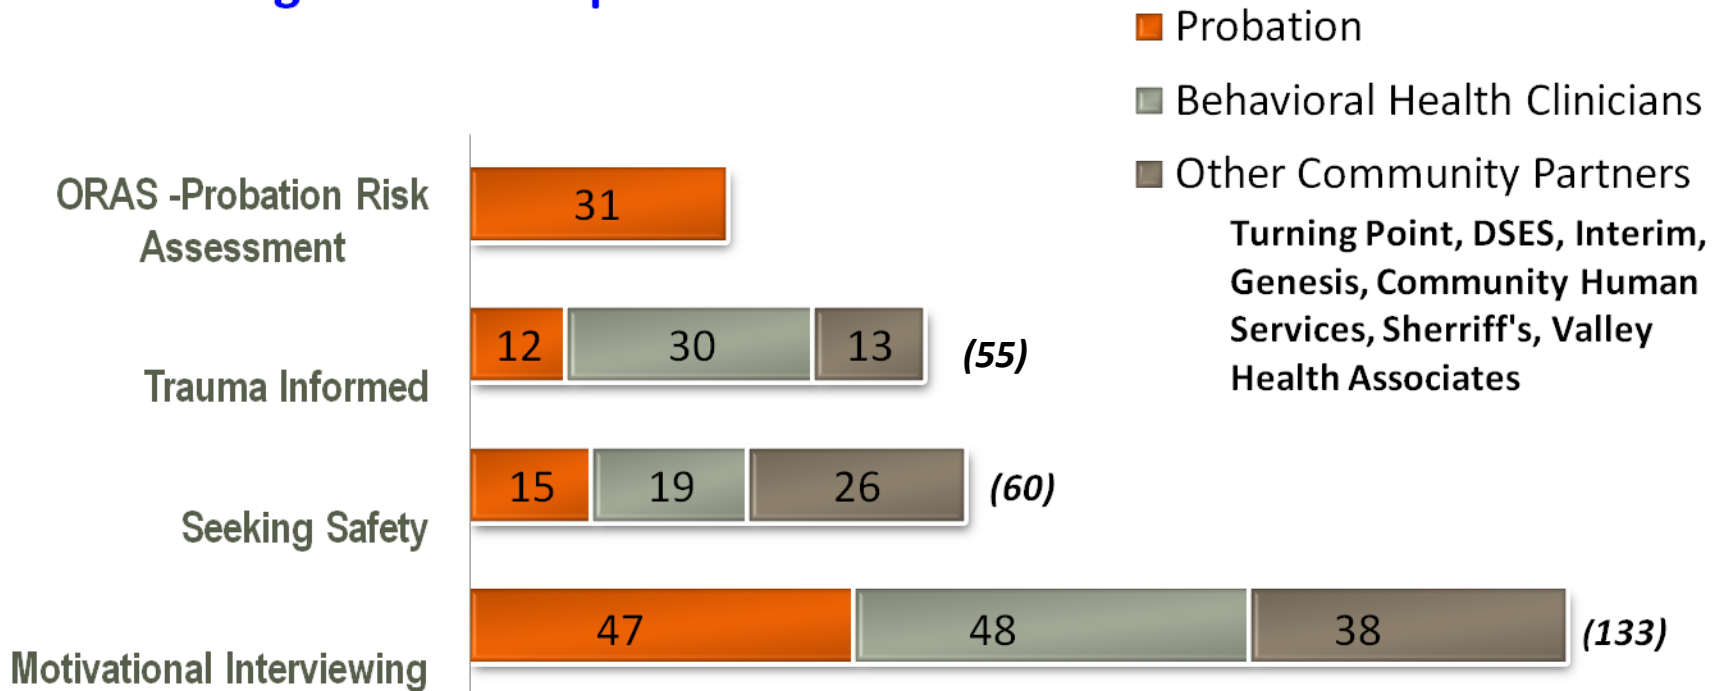

One Year Review

October 1, 2011 – September 30, 2012

AB109 Training

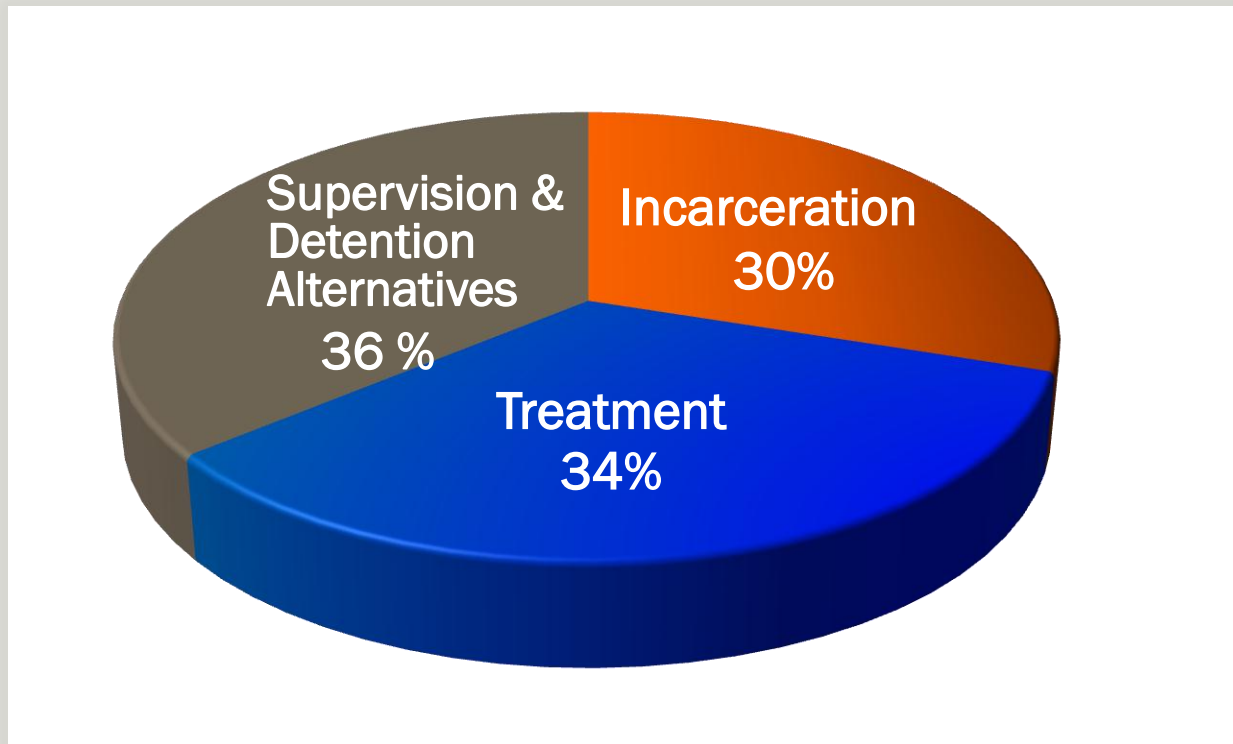

During the first year of AB109 implementation, Probation Officers and Community Partners participated in over 3,500 hours of training relating to evidence based practice.

EBP Trainings and Participation:

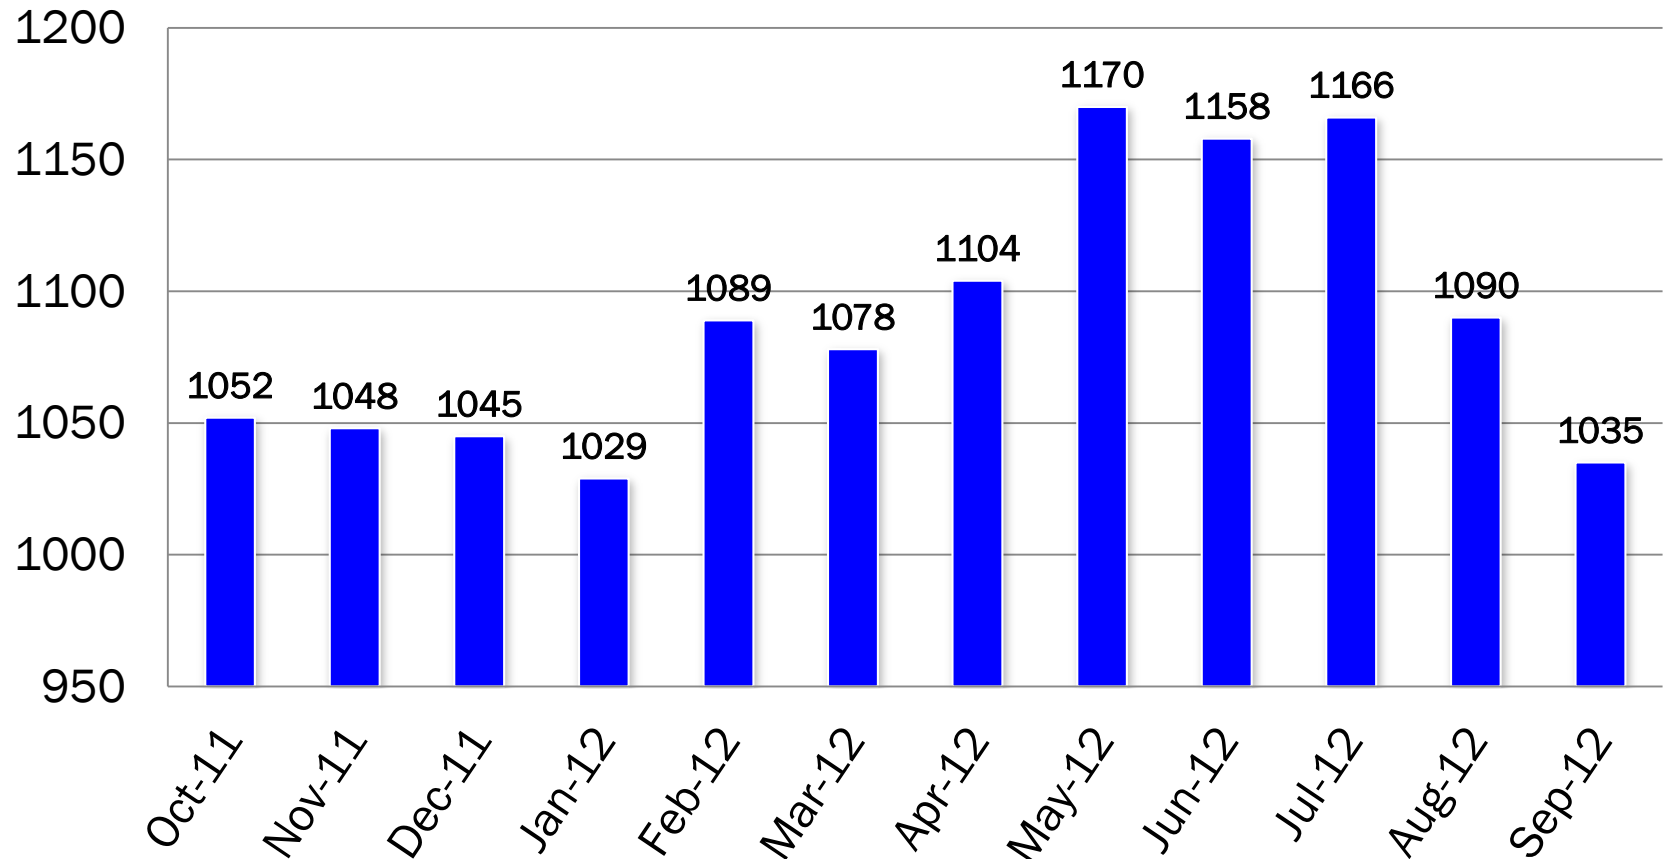

AB109 Implementation

The Community Corrections Partnership (CCP) received a 4.2 million dollar allocation for fiscal year 2011-2012. During the first year of implementation, the allocation was distributed in the areas of supervision, incarceration, and treatment; primarily focusing on the PRCS population first. Approximately 1.6 million of unspent money was rolled over to fiscal year 2012-2013.

Post Release Community Supervision (PRCS)

PRCS Inmates Released Compared to CDCR's Projections

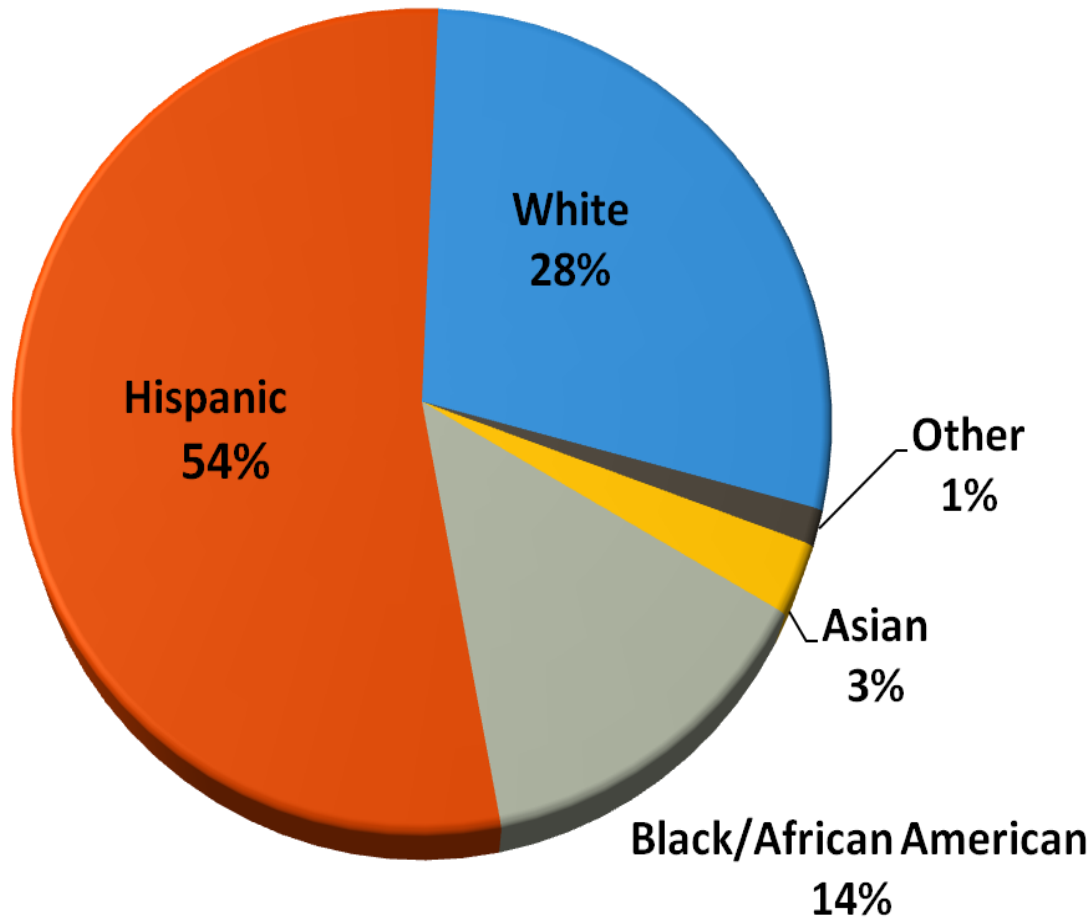

Note: PRCS Released to Monterey County is inclusive of all individuals within Monterey County's Jurisdiction. This includes inmates who were "released with a hold"; those who initially absconded; and individuals who reported for supervision and were then transferred to another County. We have not included: those that were transferred prior to supervision beginning or those that were received in error.

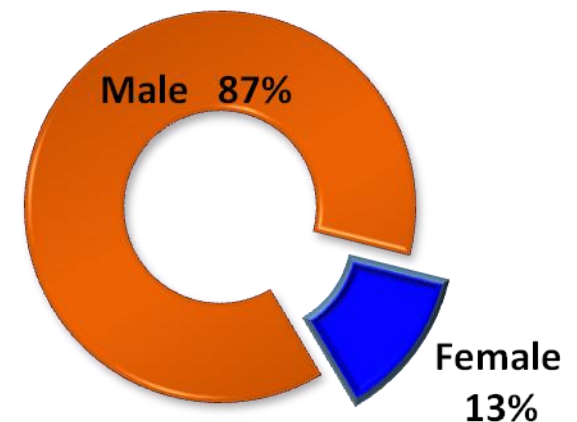

PRCS Demographic Data

Post Release Community Supervision (PRCS)

In the first year of AB109 implementation, 4.7 % of inmates released to Monterey County failed to report to the Probation Department, and arrest warrants were issued.

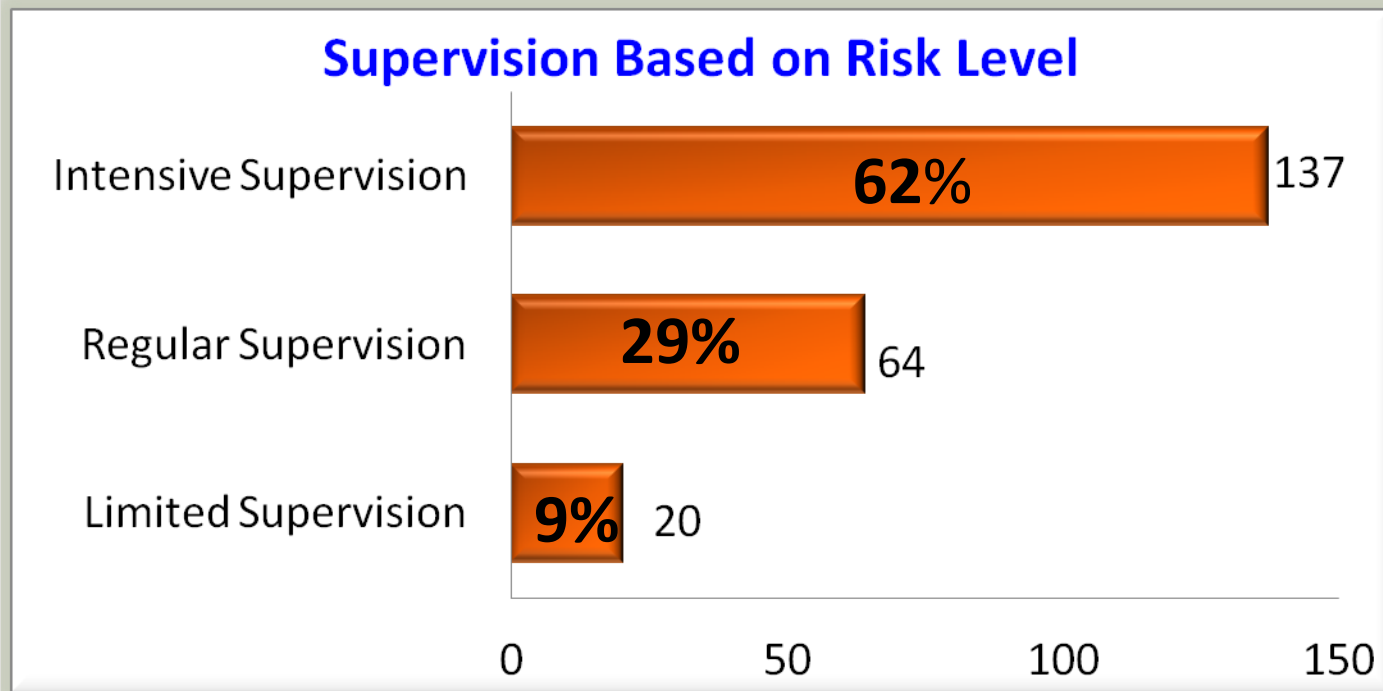

Percentage Each Month of Inmates Who Failed To Report Following Release

Post Release Community Supervision Levels

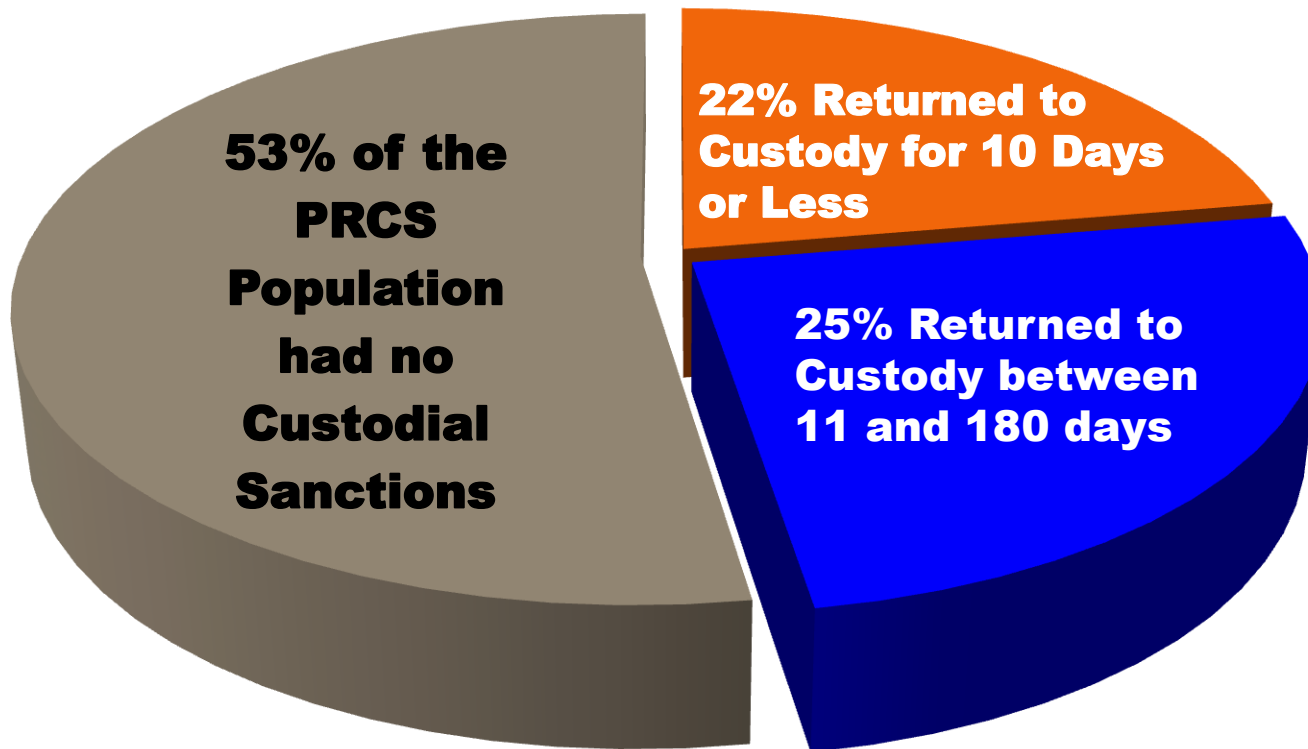

221 ORAS Risk Assessments have been completed for the PRCS population which determines the level of supervision provided by the Probation Department.

62% of the population is receiving “Intensive Supervision” which entails extensive in-person contact, field visits, on-going assessments, case planning, and service delivery focused on the identified criminogenic needs.

Types of Custodial Sanctions Used
n=210

Violations of PRCS

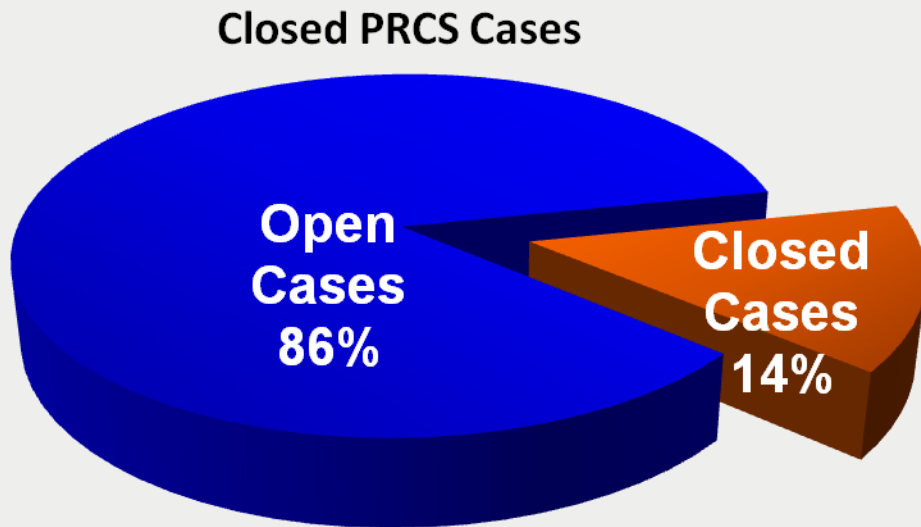

Revocation Petitions: Within the last 12 months, a petition for PRCS revocation was filed with the court for 12% of the population.

Revocation Petitions Filed

PRCS Case Closures and Outcomes

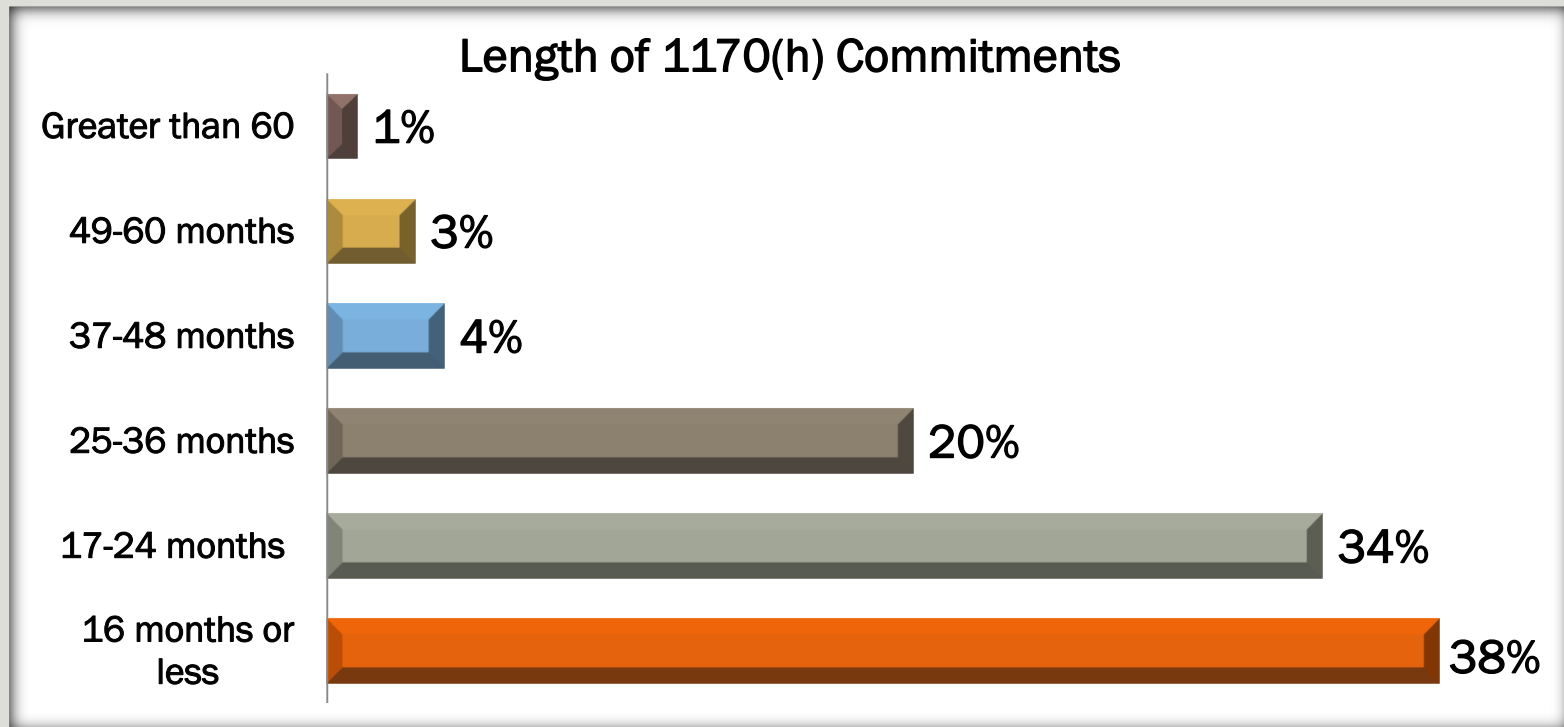

Within the last year, 60 PRCS cases have been closed, primarily due to cases being transferred to other counties. Supervision of PRCS cases can extend to 3 years, however all PRCS cases must be closed after 12 months of supervision if there have been no violations resulting in a return to jail custody.

Case Closure Reasons	
Successfully Completed	12%
New Law Violation	15%
Deceased	3%
Transferred to Another County & Received in Error	70%

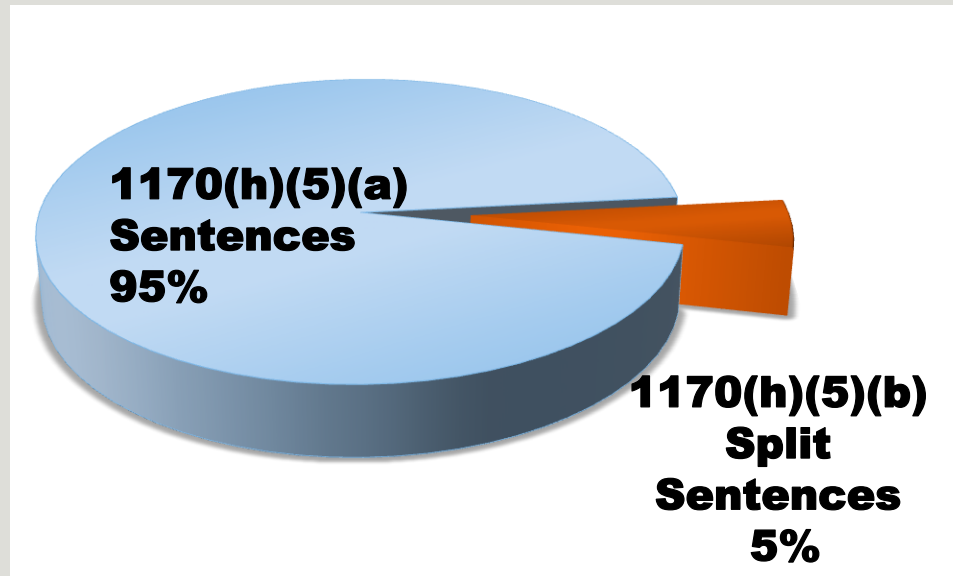

1170 (h) Sentences

Penal Code 1170(h) allowed judges to impose a local prison term, or a split sentence of a local prison term followed by a mandatory term of supervision for offenders convicted of a non-serious, non-violent, non-sexual offense. After 1 year of implementation, 285 offenders received an 1170(h) sentence. 15 Offenders were given a split sentence.

1170(h)(5)(b) Mandatory Supervision (Split Sentences)

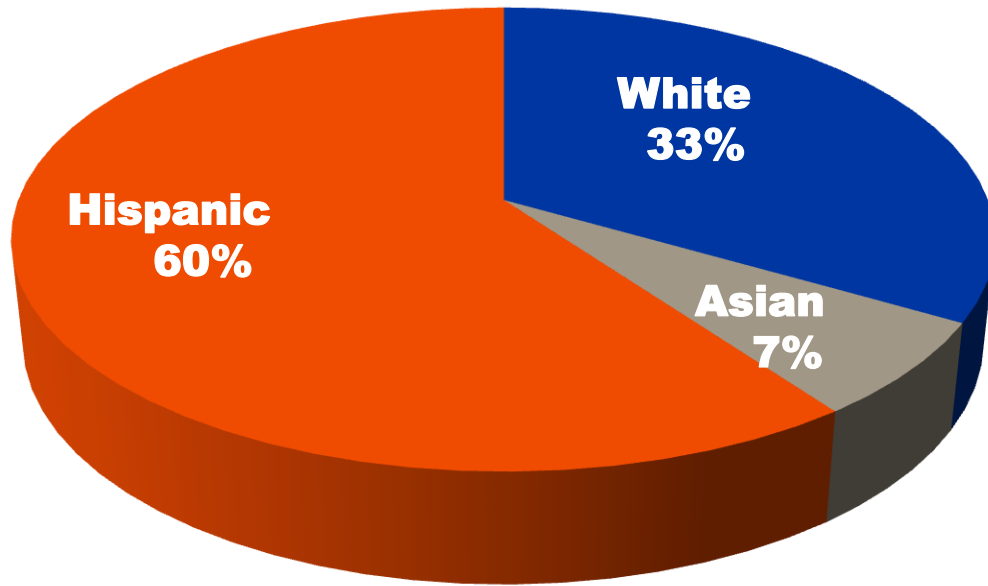

Utilization of the 1170(h)(5)(b) Split Sentence is expected to increase during Monterey County's second year of AB109 implementation. Future utilization of evidence based sentencing will likely contribute to an increase of individuals being placed on Mandatory Supervision.
