

Juvenile Justice Crime Prevention Act - Youthful Offender Block Grant
2017 Expenditure and Data Report
Due Date: October 1, 2017

On or before October 1, 2017, each county is required to submit to the Board of State & Community Corrections (BSCC) a report on its Juvenile Justice Crime Prevention Act (JJCPA) and Youthful Offender Block Grant (YOBG) programs during the preceding year. For JJCPA this requirement can be found at Government Code (GC) Section 30061(b)(4)(C) and for YOBG it can be found at Welfare & Institutions Code Section (WIC) 1961(c). These code sections both call for a consolidated report format that includes a description of the programs and other activities supported by JJCPA and/or YOBG funds, an accounting of all JJCPA and YOBG expenditures during the prior fiscal year, and countywide juvenile justice trend data.

Prior to submitting this report save the file using the following naming convention: "(County Name) 2017 JJCPA-YOBG Report." For example, Yuba County would name its file "Yuba 2017 JJCPA-YOBG Report".

Once the report is complete, attach the file to an email and send it to: JJCPA-YOBG@bscc.ca.gov. All reports will be posted to the BSCC website following a brief technical review.

ANALYSIS OF COUNTYWIDE TREND DATA for: *Imperial*

Government Code Section 30061(b)(4)(C)(iv) & WIC Section 1961(c)(3)

Provide a summary description or analysis, based on available information, of how the programs, placements, services, strategies or system enhancements funded by JJCPA-YOBG have, or may have, contributed to, or influenced, the juvenile justice data trends identified in this report.

Day & Evening Learning Center (ELC), RITE TRACK: The ELC has been in operation since December 2009. The targeted population includes youth ages 14 to 19 who are at risk of being removed from their parents or who are transitioning back from out-of-home placement. The ELC provides evidence based programming as Cognitive Behavioral Therapy, Aggression Replacement Therapy, Social Awareness and Moral Reconciliation Therapy. JJCPA-YOBG funding has contributed significantly to the pro-social recovery of many of our youths in Imperial County.

Juvenile Hall - Garden of Dreams: It is apparent that institutions that have implemented gardens within their institutions have seen an impact on youth's mental, social and emotional well-being. JJCPA-YOBG funding has contributed in that youth have learned to work together cooperatively improving their social skills with a common goal and to take pride and ownership. This opportunity will also provide youth with gardening skills for future employment.

Community Work Service: This program is designed to give youth an opportunity to fulfill the court's mandates as well as to build focus around positive and meaningful service to the community. It is a court imposed sanction that serves as an alternative to detention and holds youth accountable for their negative behavior. JJCPA-YOBG funding has contributed in that CWS has shown to be effective in reducing juvenile crime by involving youth in pro-social activities and allowing youth to make amends of restitution for caused damages.

Recreational Activities-Sal & Pal: This program allows youth in the community the opportunity to participate in sports along with law enforcement officers serving as coaches and role models. JJCPA-YOBG funding has contributed in that this program has shown to reduce juvenile crime by providing youth with after school pro-social activities as an alternative to delinquency.

After School Services-Nypum; NYPUM, an off-road mini-bike program for boys and girls ages 10-16, goal is to address the problems of gangs, school truancy and school behavior through education and prevention of destructive behavior including substance abuse, truancy, curfew violations and vandalism; teaching youth how to interact more positively with one another. JJCPA-YOBG funding has contributed in that this program has been proven to change lives of youth in the community by allowing them the privilege to ride a min-bike as an incentive to motivate and change behavior.

Mentoring-AB12: The goal is to recognize former foster youth for their participation in pro-social activities and their educational or vocational efforts toward independence. JJCPA-YOBG funding has contributed in that educational and vocational training have shown to decrease delinquent and illegal behavior. It has also provided opportunities to enhance collaboration between Probation, Social Services and Occupational Services.

Other Direct Services-Youth Summit: The first annual Youth Summit took place June of 2010. The goal is to develop problem solving skills among youth and parents, build awareness of community resources and educate them on the importance of education and a healthy lifestyle. JJCPA-YOBG funding has contributed in that youth and parents have indicated that this event provides them with a wealth of information, resources, inspiring Keynote speakers that positively impact youths' lives.

Moderate to High Case Load: This program is designed to assist youth transitioning back from placement and to reduce re-entry into residential facilities.

Imperial County Probation Department continues to contract with Rite Track LLC(RT) for operation of an Evening Learning Center (ELC) after school from 3:30 to 8:30 pm during the high crime periods. The target population consists of youth at risk between the ages of 14 to 19 of being removed from their homes or transitioning back from out-of-home placements. RT had 37 successful graduates, 18 program completions, 41 referred to higher level of care and 6 unsuccessful discharges during the fiscal year 2016/17.

The 2016/2017 fiscal year RT developed an Interagency Meeting Committee consisting of Schools, IVROP, Probation Officers, Mentors and Clinicians. Due to these monthly Interagency meetings, RT staff is able to access students' progress, performance, current setbacks and develop a higher quality plan.

RT continues to work with Behavioral Health giving RT student's priority and expediting their service waiting time. Through this partnership, RT students no longer have to wait thirty days to see a Dr. and receive individual, family, alcohol/drug and crisis intervention in less than seven days.

The ELC established a partnership with First Baptist Church in El Centro. Through this partnership, RT students can complete their community service hours and give back to their community by beautifying it. Students are currently working on an under the sea mural inside the children's learning area.

The ELC incorporated 2 new recreational activities. Through the Behavioral Health partnerships, students have access to a Monday Music class and Tuesday Tai-Chi class. These sessions help students' self-esteem, personal awareness and learn how to better manage their behaviors and feelings while at the same time reduce their levels of stress.

One of the barriers Imperial County Probation Department continues to face each fiscal year is the number of slots available for participants, as this becomes a funding issue in combination with JJCPA/YOBG.

In August of 2015, the idea of establishing a garden for the Juvenile Hall was presented to the Chief Probation Officer. The goal was for youth to learn about the delicate balance between living and surviving through a hands-on application. In fiscal year 2016/2017 the Garden of Dreams became a reality with a master gardener in collaboration with Esther Huff School teachers. The Master Gardener held 21 sessions with 5 youth per session, the youth helped plan, plant, harvest and maintain the garden. The garden was harvested by the youth and donated to their families and consumed during the youth's family night. The garden taught the youth how important it is to get along and work collaboratively to produce something good, as well as leadership skills and responsibility. The teachers taught the youth good eating habits to help develop a healthy lifestyle. Also, included in the lesson plan was teaching the youth how to create a garden with current environmental issues.

Funding through YOBG allowed for purchase of compost, seed, drip irrigation supplies and safety apparel for youth to work in the garden.

The current barrier is that youth released from Juvenile Hall do not always get to see the results of the hard work and final harvest.

The program is designed to give youth an opportunity to fulfill the court's mandates as well as building focus around positive and meaningful service to the community. CWS is a court imposed sanction that serves as an alternative to detention and holds youth accountable for their negative behavior. Youth have performed CWS in regards to graffiti, museum and departmental clean-up. Probation has received many thanks from other agencies including Cities and non-profits for outstanding work performed by the CWS crew.

JJCPA/YOBG funding has contributed in purchasing safety equipment for the youth and overtime for Deputy Probation Officers as CWS is performed on the weekends.

CWS barriers include weather extremes within our County only allowing for a nine month work period of the program.

The Sal/Pal programs allow for youth within Imperial County to participate in outdoor sports supported by coaches and role models in the law enforcement capacity. Imperial County Sheriff Activities League (SAL) served a total of 256 youth, activities included flag football, boxing, soccer, summer programs, mentoring, boxing, polynesian and karate. The El Centro Police Activities League (PAL) served a total of 1,904 youth with income levels below \$50,000. The majority of the youth come from families of 5 or more and incomes between \$20,000 and \$30,000. Pal used YOYG funds to purchase soccer equipment, boxing equipment, martial arts equipment, ring security cameras, program fees, uniforms and the summer electrical bill.

Both programs were able to accomplish so much more and provide better services for the youth of Imperial County due to available funds through YOYG.

Some barriers continue to be recruitment of youth and families of lower level incomes.

The National Youth Project Using Minibikes (NYPUM) is a mentoring program that offers the youth of America an opportunity to develop their self-esteem, values for daily living, and a sense of belonging using the minibike as a motivational tool. The NYPUM program is under the direction of the City of El Centro. The City works closely with the Juvenile Hall and Probation in efforts to deter repeat offenses among youth. The NYPUM program received 30 referrals during fiscal year 2016/2017. Using minibikes lures youth to the outdoor activities and the excitement of riding provides incentives to improve their lifestyle. Youth learn teamwork, fair play, trust, respect for property, discipline and other skills through trail riding. The accomplishment during the fiscal year was youth learning how to ride a minibike using safety precautions, how to make minor repairs to their minibikes and outdoor camping activities. The highlight of NYPUM, youth convert their old helmets into "Planter Trophys" for children.

The NYPUM program youth numbers continues to grow, decreasing the number of minibikes being used which in turn limits participation. All funding for the NYPUM program is provided through YOYG.

During fiscal year 2016/2017, Probation hosted its first AB12 recognition ceremony for non-minor dependents (NMD) funded through YOYG. This program was established to recognize foster youth who have transitioned from delinquency. The goal for this program is to enable youth to maintain a safety net while experiencing independence in a secure and supervised living environment. The Probation Officers assigned to the NMD meets with them monthly to ensure that they are continuing to meet the eligibility requirements. The AB12 recognition ceremony was held on December 23, 2016 at the Marantha Steak House for NMD and their families for a total of 30 participants. The youth were acknowledged for their achievements as they also build camaraderies which provided them with additional resources and support among our local community based organizations. One of the obstacles in putting the recognition ceremony together has been finding the location and right time to meet due to the youth families job demands and transportation barriers.

The Summit's goal is to develop problem solving skills among youth and parents, build awareness of community resources and educate them on the importance of education, life skills and healthy lifestyles. Invitations to the Summit are provided to youth of delinquency and dependency arenas as well as local middle schools and high schools throughout Imperial County. During the fiscal year 2016/2017, approximately 300 youth and parents participated in the Summit.

YOBG funding supports life skills services administered to youth at the Summit and the Keynote speaker.

One of the Summit's barrier is transportation to and from the schools within Imperial County. However, with additional funding from YOBG this issue could be resolved.

Imperial County Probation Department through JJCPA continues to fund 2 Deputy Probation Officers (DPO) assigned to the Evening Learning Center in efforts to decrease truancy, arrest rates, admittance to Juvenile Hall and improve successful completion of probation. The DPO's assigned to the ELC support and reinforce program staff in their efforts to guide and instruct youth in pro-social after school activities.

Currently, there are 3 DPO's assigned to the high risk caseload for juveniles funded through JJCPA with a caseload of no more than 30 minors. Through a risk assessment tool, the officers are able to target criminogenic needs and translate those risk factors into treatment objectives and ultimately into relevant interventions and supervision practices.
